

## Postal Pay Raise Of 8.8 Per Cent Assured House OK

WASHINGTON (AP)—Democratic leaders predicted the House would ignore the threat of a Presidential veto today and pass by a big margin a bill to boost by an average 8.8 per cent the pay of the 500,000 post office employees.

## Truman Library Project Started In Home Town

INDEPENDENCE, Mo. (AP)—A jovial Harry S. Truman did a bit of digging Sunday—his 71st birthday anniversary—on a project that's been closest to his heart since leaving the White House.

The former President used a couple of shovels, both gold plated, to make an official ground-breaking start on the Truman Memorial Library.

It will be a \$1,750,000 structure housing the official and personal papers he collected during more than seven years as President.

**Financed By Public**  
Dr. Elmer Ellis, University of Missouri president who was the principal speaker at the ceremonies, called the Truman papers the core to an expanded library and museum of items and relics "which in the next 100 years will come to light as bearing in important ways on President Truman's career."

Three quarters of the cost of the library, being financed by public contributions, has been raised. At a birthday dinner attended by more than 550 persons Sunday night Truman called the memorial "the thing dearest to my heart" and expressed gratitude to the thousands who have made it possible.

Dr. Franklin Murphy, the University of Kansas chancellor, told the dinner audience the library "will put into perspective this complex part of a complex century."

He turned to Truman and said the papers "will stand forever as a permanent living example of your notable efforts to have men cease to be wolves to one another so that humanity may be given even fresher and fuller meaning."

The former President, who underwent a serious gall bladder and appendix operation last summer, was spry and appeared fit. He showed up at the ground-breaking ceremonies 25 minutes early, chatted and shook hands with the educators, national political figures and home town friends in the crowd.

He also had Mrs. Truman and their daughter Margaret take turns at spading on the library site. The site is in Slover Park, six blocks from the Truman's Independence home.

Edwin Pauley, California oilman who served as assistant to the secretary of the army under Truman in 1946, said the University of California at Los Angeles offered to pay the full cost of the library and give Truman an estate if he would locate the building at the university.

Pauley, in an interview, said Truman declined on the ground his roots were in Independence and that's where he felt the library should be.

## Meat Production To Set Record

WASHINGTON (AP)—The Agriculture Department predicted today another record meat supply this year.

It estimated this year's supply at 3 to 4 per cent above 1954 for the fourth year in a row. Pork will account for most of the increase.

In the January-April period about 17 per cent more hogs were slaughtered than last year and for the remainder of 1955 the slaughter will average as large or a little larger than last year, the department said.

The department said cattle production trends are virtually at a standstill. It said 10 per cent more cows were slaughtered in the January-March period than a year earlier, suggesting the possibility that a moderate decline in the cattle inventory might be starting. But cattle feeding is at a record volume at present.

## Head Of Texas Cattle Empire Taken By Death

KINGSVILLE, Tex. (AP)—Richard M. Kleberg Sr., cowboy and congressman, was a Texan in the grand manner, a giant in the storied tradition of the ranch country.

He died Sunday at 68 in Hot Springs, Ark., a victim of a heart attack. Kleberg was chairman of the board of the 1,250,000-acre King Ranch, an empire of cattle and horses, oil and cotton. He was a grandson of Richard King, the founder.

**Owled Race Winners**  
Even casual acquaintances called him "Mr. Dick," charmed by his easy democratic manner. A tall, dark-haired, striking man, he loved a crowd and the crowd usually came to "Mr. Dick," his friends said.

"He was an able man," said John E. Lyle today, "a good man, a gentleman. He served his country well." It was Lyle who unseated Kleberg in 1944 after the latter's 13 years in Congress.

Kleberg and his brother Robert expanded and brought to national prominence the big ranch. They developed breeds of cattle and dogs, worked with thoroughbred horse development and brought the King Ranch stables to the top of the racing world with such horses as Assault and Styrie.

Richard wrote some of the early New Deal farm legislation and sponsored it through Congress. He was a leader in cotton and cattle organizations and was a devotee of wildlife conservation.

**Backed GOP Candidates**  
Although he went to Congress a staunch supporter of Franklin D. Roosevelt and the New Deal, he supported Republican presidential candidates after the Supreme Court controversy and FDR's third-term bid.

He raced cowhorses and thoroughbreds on the great ranch before.

# Top Level Peace Meeting Proposed In Switzerland

## Big Four Envoys Ready To Sign Austrian Treaty

VIENNA, Austria (AP)—The Big Four foreign ministers were reported ready today to meet here late this week and sign the Austrian independence treaty now being completed by their ambassadors to Vienna.

British informants in Paris, where the three Western ministers are conferring, said Russia has indicated her foreign minister, V. M. Molotov, would see them here about Friday for that purpose.

**May Leave Thursday**  
Accordingly, they said, U. S. Secretary of State Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay are preparing to fly to this Austrian capital about Thursday.

The Soviet Union gave the word, the informants reported, in response to a Western query sent urgently to Moscow over the weekend. Diplomatic sources had said previously that formal notes would go to Moscow today.

**Can't Fail Now**  
Besides signing the treaty here, the Western foreign ministers also are reported planning to spend two or three days in informal discussion with Molotov of the time, place and scope of a projected summer Big Four conference of

## New York State Has Heavy Snow; Frost Gets Fruit

ALBANY, N. Y. (AP)—Snow fell in parts of New York State today and the Weather Bureau predicted temperatures below freezing tonight. Severe damages to fruit crops was anticipated.

Heavy snow squalls hit Cortland in the south-central section and a brief but blinding storm struck the Utica area in the central section. Traces also were reported in the Syracuse, Binghamton and Elmira areas. The mercury hovered in the mid-30s.

## Iowa Father, 94, Has Second Son

CLINTON, Iowa (AP)—Dr. John D. Hullinger, 94-year-old Clinton physician, is the proud father of another boy—the second born of his marriage three years ago.

The 10-pound baby, described by the elderly doctor as "feeling fine and looking fit as a fiddle" was born early Sunday to 32-year-old Mrs. Hullinger, who also is doing fine.

The doctor now has brought 3,309 babies into the world during 63 years practice as a country doctor. Hullinger said his first son, John Jr., now 22 months old, is in perfect health. The only thing wrong with the new baby, so far as the parents are concerned, is that he isn't a girl.

Hullinger expressed hope that he "will be around for many more years" to enjoy the companionship of his family.

## Straits Bridge Tower Growing

ST. IGNACE (AP)—Like a first birthday candle, the first tower of the Straits of Mackinac Bridge will emerge above the waters in a few weeks.

Just a year ago Saturday, dignitaries signaled the start of the 100 million dollar span linking Michigan's two peninsulas. But actual construction did not begin until two months later.

Four of six main foundations were almost completed before winter ice halted construction until this spring.

Crews are now working around the clock to assure its completion on schedule by 1957. Three weeks ago Merritt Chapman & Scott Corp., the subcontracting contractor, started 750 men working three shifts.

Now they are pouring tons of concrete into a circular caisson, 116 feet in diameter, that will be the foundation for the main south tower of the bridge's 8,614-foot center span.

Eight feet below the water's surface, the steel tower will be anchored to the caisson. The tower will soar 552 feet above the water—the height of a 46-story office building.

Steel for this and the other towers already has been shipped to St. Ignace.

## Ministers Await Final Decision By Eisenhower

PARIS (AP)—The Big Three foreign ministers awaited word today from President Eisenhower on a proposal for a meeting "at the summit" with Soviet Premier Nikolai Bulganin in Switzerland next July.

Spokesmen for the British, who with the French have been pressing for a top level meeting, said Sunday night Secretary of State Dulles had promised to ask Eisenhower for an answer on the proposal within 48 hours.

**Sincerity Questioned**  
In Washington, Eisenhower's press aide, Murray Snyder, said he had heard of no communications between Dulles and the President on the subject but that he had not talked to the President during the day.

In recent news conferences, Eisenhower has said he wanted assurances of Russia's sincerity before he would take part in a big power conference.

Here for the North Atlantic Council meeting to welcome West Germany into NATO, Dulles conferred most of Sunday with British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay on the prospects for Big Four talks and the Austrian independence treaty. West German Chancellor Konrad Adenauer joined them last night.

**Bao Dai Rebuffed**  
This afternoon, in between NATO meetings, the Western Big Three were to take up the situation in South Viet Nam in an effort to pound out a united policy. Premier Ngo Dinh Diem, who weathered an attempt last week to topple his regime, has appealed to the Big Three to reject Chief of State Bao Dai's efforts to reestablish himself in Viet Nam.

American sources said Dulles has no present intention of seeing Bao Dai, who hastened here from his French Riviera home Saturday. Bao Dai contacted American embassy officials last week with a request to see Dulles. He also submitted a plan for settling his dispute with Diem.

Although Dulles forwarded the British-French proposal for a top-level Big Four meeting, American sources said the Secretary of State still feels the four foreign ministers should meet first to work out details of a German settlement and other European questions.

**Germany Major Issue**  
Should Eisenhower agree to the meeting of government chiefs first, the Big Three reportedly will send notes to Moscow at once proposing that the Soviet, British and French premiers and Eisenhower meet. It was believed the West at such a conference would avoid Far Eastern questions since this undoubtedly would touch off Russian demands that Red China be asked to sit in.

Adenauer reportedly insisted that any Big Four meeting on European problems must first consider the division of Germany. The chancellor contended that only German unification can pave the way to settlement of other European issues.

The British reportedly contend the main issues at stake are a German peace treaty, world disarmament and exchange of non-aggression guarantees between

(Please Turn To Page 6, Col. 8)

## Italian Starlet Weds Orson Welles

LONDON (AP)—Orson Welles, one-time boy wonder of the American theater, honeymooned today with his new bride. She is dark-haired Countess Di Giraldo, an Italian actress better known as Paula Mori.

Welles, 40 Friday, was wed to the 24-year-old starlet Sunday in an early morning ceremony at London's Caxton Hall Registry. British producer Peter Brook and his wife were the witnesses.

The couple kept their honeymoon destination secret. It was Welles' third marriage and the Countess' first. The showman married Virginia Nicholson in 1934 and movie star Rita Hayworth in 1943.

## Polio Vaccination Speeded In Delta

The second round of Salk vaccine inoculation to prevent paralytic polio was started today in Delta and Menominee Counties, the two areas which were first to complete first-round shots three weeks ago.

Vaccination of children in the First and Second Grades will continue in Michigan as scheduled, said Dr. Albert Heustis, state health commissioner. Only "a direct order" from the government could stop it.

Dr. William C. Harrison, director, of the Delta-Menominee health district, said today that in only one case have the parents of a child requested that the second shot not be given. The child was given the first inoculation without ill effect.

**Finish On Thursday**  
There have been 10,000 children in the Upper Peninsula who received first-round Salk Vaccine shots, all without adverse reaction. To the end of April there has not been one case of polio reported in the U. P., Dr. Harrison said.

In Delta County inoculation of First and Second Graders was completed today in the Rock-Perkins area. The schedule of inoculation clinics will be the same as that for the first round, and will be completed on Thursday with 13 clinics in the two counties.

Dr. Heustis, expressing confidence in the Michigan-made vaccine already given more than 300,000 children, reiterated Sunday the state's program would go on.

The commissioner took his position hard upon the government's request for a further postponement. This urging from Washington came Sunday, following upon that of Saturday.

**Vaccine Is Safe**  
Said Dr. Heustis: "We will not ban the use of the vaccine in Michigan until we get a direct order to do so."

"I believe we have ample evidence that the vaccine we have used is safe and effective."

The reference was to the inoculation of 325,000 children with only one possible case of polio reported from among them.

That was in Detroit. It has not yet been confirmed as a polio case.

**Best For Children**  
The emphasis in Dr. Heustis' position was clear.

Dr. Heustis repeated his attitude even after being informed Surgeon General Leonard A. Scheele indicated a belief Michigan would hold off.

Dr. Heustis agreed with Scheele it was wise to take every possible precaution. However, he said "we're just sitting tight, thinking

(Please Turn To Page 6, Col. 2)

## Fatalities Claim 16; Chassell Man Drowns

(By The Associated Press)  
Weekend accidents claimed at least 16 lives in Michigan. Ten died in traffic mishaps. Three drowned. A fall from a ladder killed one. A tractor crushed another, and a youth fatally shot himself.

A father drowned early Sunday in a Northern Michigan lake tragedy which his small son and a second man survived. The drowning victim was Ray Olson, 47, of Chassell, near Houghton. His son, Ray Jr., 11, and brother-in-law, Vernon Marshall, 49, Ontonagon, saved themselves. The three had gone fishing in a small outboard motorboat on Chassell Bay off Big Portage Lake. A heavy sea upset the boat. Four hours the elder Olson clung to the boat with the others but finally became exhausted and let go his grip. The boy and Marshall held on until the boat was blown to shore.

Two Grand Haven area youths missing since Saturday night, were feared drowned in Lake Michigan. William Schuiterna, 19, Grand Haven, and Daniel Gould, 20, Ferrysburg, last were reported intending to take an outboard motor boat to Muskegon from Grand Haven.

The boat was found empty offshore near the Coast Guard station at Grand Haven at 1 a.m. Sunday. James R. Engwig, 47, Midland, was fatally hurt when his station wagon hit a horse in pre-dawn darkness Sunday on U. S. 10 in Clare County.

Thomas Taylor, 31, Detroit, was killed Saturday night in a three-car collision near Orionville in Oakland County.

Robert Ozanich, 16, Calumet, was shot to death at his home Friday night. Coroner Norman Trezise said Robert apparently discharged his .22 calibre rifle accidentally.

**Weather**  
Reported by U. S. Weather Bureau

UPPER MICHIGAN: Cloudy and windy with showers to night. Tuesday, showers, windy and turning cooler.

## Alaska-Hawaii Statehood Up For House Test Vote

WASHINGTON (AP)—For the first time in the long fight over statehood, the House today gets to vote whether it will consider a bill to admit both Alaska and Hawaii as states.

Before voting on statehood itself, the House must decide first whether to consider the bill under rules limiting debate and barring amendments. You could get an argument either way as to the outcome.

**Margin To Be Close**

Unofficial reports—by statehood supporters—say membership polls by House Democratic and Republican organizations indicate a majority will support the combined bill if it comes to a vote. But they concede it will be close.

As a result, the big fight is likely to come today with opponents seeking to block the bill's consideration. Such a move could draw support not only from those opposed to admitting either territory, but also from supporters who disapprove the no-amendment procedure under which the rules committee approved bringing the bill to the floor.

Should statehood supporters successfully pass this hurdle, the bill itself would come up for seven hours debate. A final vote would come tomorrow.

**New Complications**

Although the House has never rejected an Hawaii or Alaska bill when it has had a chance to vote on either singly, the present combination offers several new complications. In addition to merging the opposition to each territory, the joint bill faces opposition in the White House. The previous Democratic administration had endorsed statehood for both territories. President Eisenhower has been cool to Alaska's ambitions, citing military requirements.

The House previously has passed bills to admit Hawaii only in 1947, 1950 and 1953. It approved an Alaska bill in 1950.

The Senate last year amended the 1953 House bill to include Alaska as well as Hawaii, but the House leadership refused to permit the measure to go to a conference committee.

**Baby Killed; Truck Spills 50 People**

AGATE, Colo. (AP)—A farm truck skidded and overturned at the edge of this eastern Colorado town Sunday, spilling 10 families of migrant workers along the highway and fatally injuring an 11-month-old baby.

Several persons were hospitalized in Denver with head, back, arm and leg injuries. Nearly 50 persons were checked for injuries. Twenty were treated for cuts and bruises and released.

**Peary Eskimo Dies**

COPENHAGEN, Denmark (AP)—The Greenland department of the Danish government today announced the death of Ootah, an Eskimo who accompanied Rear Adm. Robert E. Peary to the North Pole in 1909.

Ootah's name also has been "Odaq." His exact age is unknown, but he generally was believed to be about 80.

## Iron River Club Asks Fluoridation

IRON RIVER (AP)—The Iron River City Commission has under consideration a request for fluoridation of the city's water supply.

The request was made by the Iron River Teachers Club.

The city attorney said he would notify the commission at its June meeting whether fluoridation could be authorized without a vote.

## Legislature Tackles Budget; Four Weeks To Finish Session

LANSING (AP)—The 269 million dollar state general fund budget will start moving in the Legislature this week.

Under Legislative rules, each member must pass its budget bills over to the opposite chamber by Friday.

The Legislature has four weeks in which to finish up the work of the 1955 session, but many of the major decisions will still be hanging unsettled this week.

**Business Tax Revised**

The House has scheduled debate Tuesday on the Conlin bill to boost the business receipts tax about 30 million dollars. This is the House's

main answer to a budget estimated at 23 million dollars out of balance as it starts through the Legislature.

The Senate has its own revision of the business receipts tax—the Morris bill to increase the levy seven to 12 million dollars a year—but on a different formula than the House bill. The Senate has not indicated how soon it will begin

to move with its bill.

**Highway Bill Rushed**

Sen. Haskell L. Nichols (R-Jackson) has virtually promised that his Senate highway committee will release a House bill giving municipalities veto power over toll road routes through their communities. His committee is due to meet Tuesday.

This will be the final week for the House roads committee to release the Coleman bill approved in the Senate, to set up an arterial highway system in Michigan.

The Senate labor committee must act this week also on the House-approved unemployment compensation increase.

**TODAY'S CHUCKLE**

The nicest gift is always something you made yourself—like money.

# Clean-Up, Paint-Up Week To Beautify Escanaba Starts Today

## Peterson Bound To Circuit Court

Robert C. Peterson, 37, of 1330 Washington Ave., today is held in jail in default of \$2,000 bond for his appearance in Delta County Circuit Court to answer to a charge of assault with a dangerous weapon, without intent to murder.

Escanaba police arrested Peterson Friday afternoon after they received a telephone call from A. M. Gilbert, director of the Delta County Social Welfare Department, that Peterson was in Gilbert's office with a rifle.

Peterson was carrying a loaded 22 caliber rifle and had a clip of six shots in his pocket. He was demanding a food order for his family — his wife and five children.

In Justice Henry Ranguette's court Saturday afternoon Peterson waived examination and was bound to circuit court for trial. He was remanded to jail when he failed to pay a bond of \$2,000.

Peterson was carrying a number of employables on the Delta County relief rolls who were notified on April 7 to find work within 30 days, according to Gilbert. Peterson failed to obtain employment and his family was scheduled to receive a food order today, May 9. After Peterson's arrest his family was provided with emergency assistance from public and private sources.

## MSC Alumni To Hear Prof. Bagwell

Michigan State College alumni of Delta, Menominee and Schoolcraft Counties will meet at 8 p. m. Wednesday in the House of Ludington for a Founders' Day program at which Prof. Paul D. Bagwell of the MSC faculty will be the principal speaker.

Harry Buchman of Rapid River, president of the MSC Alumni Club, will preside at the meeting.

Robert Toll, assistant alumni director, Michigan State College, will report on current affairs on the MSC campus at East Lansing; and a short business meeting of the Alumni Club will be held. A smorgasbord and social hour will follow the program.

The event marks the founding of Michigan State College, which by an act of the legislature is on July 1 having its name officially changed to Michigan State University.

Other Alumni Club officers besides President Buchman are Vice President Charles Burton and Miss Marilyn Bredahl, both of Gladstone.

## Wells Postoffice Clerkship Open

A Civil Service examination for permanent appointment in the Wells post office to the position of substitute clerk has been announced. The starting pay is \$1.36 1/2 an hour with opportunity for advancement. Competition in this examination is restricted to persons who reside within the delivery area of the Wells post office and persons now employed in that office, who are between the ages of 18 and 50. These age limits are waived for veterans. Persons now holding temporary or indefinite appointments should file for this examination if they wish to be considered for permanent appointment.

A written test is required of all applicants. Application must be filed with the Director, Seventh U.S. Civil Service Region, New Post Office Building, Chicago 7, Illinois, and will be accepted until June 6, 1955.

Full information and application card may be obtained at the above post office.

## Paving Scheduled:

# City Budgets \$15,000 To Resurface Ludington St.

Escanaba City Council in final consideration of the city budget for 1955-56 approved an item of \$15,000 to finance application of a leveling course the full length of Ludington Street, first step in a program of resurfacing the city's main business street.

City Engineer Loren Jenkins said the leveling course will be similar to the surface course applied last year at Ludington St. and Stephenson Ave. Purpose of the leveling course is to fill the bumps and holes and prepare for resurfacing in the future.

The work is to start as soon as possible and is expected to be completed before the start of the tourist season, perhaps within a period of 15 to 30 days. The leveling course will be 40 feet wide and will materially improve the surface.

In future years the blacktop pavement surface, one and one-half inches thick, will be applied,

## Wm. Papineau Grocer, Dies

William James Papineau, 70, long time grocery store proprietor, died at his home, 1720 8th Ave. S., at 10 a. m. Saturday after suffering a heart attack. He had been in ill health for the past year with a heart condition.

Born Jan. 10, 1885 at Ford River, Mr. Papineau operated a grocery store at 1720 8th Ave. S. since 1928. He attended Escanaba Schools. Previous to entering the grocery business, Mr. Papineau worked on a farm in Minnesota. He married the former Esther L. Goss in Minnesota May 12, 1922.

Survivors include his wife; three sons, Howard J. of Waukegan, Ill., Francis H. of Luke A.F.B., Glendale, Ariz., and Julius of Escanaba; two daughters, Mrs. Walter Brown of Sault Ste. Marie and Mrs. Fred Bowers, Escanaba; three sisters, Mrs. Hans Hjort and Mrs. Ed Herrick, both of Battle Creek, Mich., and Mrs. Gunnar Peterson, Escanaba, and four brothers, John of Michigan City, Ind., Fred of Stonington, Julius W. of Esnign and Louis, Chicago.

Friends may begin calling at the funeral home at 3 p. m. Tuesday.

Funeral services will be held Wednesday at 10:30 a. m. at the Alto Funeral Home chapel with Rev. Clifford Nadeau of St. Anne's Church officiating. Burial will be made in Holy Cross Cemetery.

## Obituary

**Frank Krzonstowski**  
Funeral services for Frank Krzonstowski, who was found dead on the floor of his home Friday, will be held Tuesday at 11 a. m. at the Degan Funeral Home chapel with Rev. Frank Hollenbach of St. Patrick's Church officiating. Burial will be made in Gardens of Rest Cemetery.

Friends may call at the Degan Funeral Home.

**MRS. JAMES GOODMAN**  
Funeral services for Mrs. James Goodman, who died following a lengthy illness, were held today at 9 a. m. at St. Thomas the Apostle Church with Rev. Conrad Suda of Perronville officiating. Burial was made in Gardens of Rest Cemetery.

Pallbearers were Nels J. Sorault, John Sorault, Ray Hillegas, William Hahn, Clifford Labumard and Adolph Wunder.

Out-of-town persons attending the services were Mr. and Mrs. Adolph Wunder and Kenneth, Milwaukee; Mr. and Mrs. Clarence Cain and Dwayne, Ypsilanti; Mrs. Harold Iverson and Wilma Jean, Channing; Mrs. Jay Burns, Sagola, Mich.; and Mr. and Mrs. Gordon Goodman, Fond du Lac, Wis.

**TO GERMANY** — A/3c Harold Lund, who spent a 25-day leave at the home of his parents, Mr. and Mrs. Fred Lund, 1018 1st Ave. N., has left from Camp Kilmer, N. J., for Weisbaden, Germany, on a 36 month tour of duty. Airman Lund took his basic at Lackland AFB in Texas and was assigned to three months' training at the I. B. M. School at Sheppard AFB.

## Newberry State Hospital Plans Open House May 11

The Newberry State Hospital is holding its fifth annual open house Wednesday, May 11. Residents of the Upper Peninsula are invited to inspect the hospital and its facilities from 1 to 4 p. m.

Tours of several wards, Recreational and Occupational areas, and activities have been planned, with tea served in the cafeteria of the Ferguson Receiving Hospital.

The purpose of the open house is to focus public attention on the problems of mental illness, and what treatment aids are available. Dr. T. W. Thompson, medical superintendent, points out that one family in five is almost certain to be struck by mental illness, one child in 20 will spend a portion of his life in a mental institution, 50 per cent of the patients consulting their family doctors is suffering from an illness associated with a mental or emotional disorder.

## Community Mobilizes For Cleanup Program

This is cleanup-paintup-fixup week in Escanaba and concerted campaign is being developed to encourage householders to spruce up their homes.

The Escanaba Chamber of Commerce, local schools, merchants, the City of Escanaba and a number of organizations are cooperating in the cleanup program, Secretary Hugh Grow of the Chamber of Commerce has reported.

Cleanup of yards, alleys, basements is emphasized but the program also includes renovating of homes, including repainting and redecorating, exterior and interior.

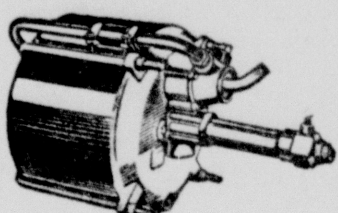

The local fire department supports the cleanup program in the interests of fire prevention. The

winter's accumulation of odds and ends in basements, closets and attics constitutes a serious fire threat that should be promptly eliminated, firemen point out.

Local merchants are focussing attention upon cleanup, paintup and fixup products in their store displays this week.

The cleanup week program emphasizes the sanitation and safety aspects of clean homes and family yards as well as the development of civic pride.

## Don't Let Carpet Cleaning Floor You

You can clean your wall-to-wall carpeting at home, quickly and easily, with Blue Lustre.

A gentle foam cleaner, Blue Lustre brushes into the carpet without sogging or matting the pile. The bright, original colors spring out like magic as you apply the foam with a long-handled brush that makes work like play.

Blue Lustre leaves no rings. You can clean a stain, or a traffic lane, in a jiffy. It works beautifully on upholstered furniture, too. One half gallon of Blue Lustre concentrate cleans three 9 x 12 rugs.

Orpheus Choral Club Ready For Spring Concert

ORPHEUS CHORAL CLUB — The Orpheus Choral Club, under the direction of Mrs. M. H. Garrard Jr., will present its 16th annual Spring Concert tomorrow evening at the William W. Oliver Memorial Auditorium in the Junior High School. The concert will begin at 8 p. m. (Daily Press Photo)

Musical Event To Be Tuesday

The 16th annual Spring Concert of the Orpheus Choral Club will be presented Tuesday, May 10, at 8 p. m. at the William W. Oliver Memorial Auditorium.

Personnel of the chorus is as follows: Ruth Ahlquist, Marijo Bolger, Edith Bonifas, Patricia Bonifas, Mary Doris Costley, Rosemary Cummins, Louise Diedrich, Doris Erickson, Lois Friberg, Hil-dur Hebert, Irene Hogan, Darlene Marie Johnson, Evelyn Lavelle, Betty Leisinger, Hazel Lindholm, Patricia Olson, Marilyn Pintal, Noreen Sebeck, Joanne Servant, Barbara Seymour and Adelle R. VanWieran, first sopranos.

Anona Anderson, Linnea Bolm, Jeanette Geigel, Frances Knobloch, Ellen Molin, Donna Lindahl, Mary Lee Mackie, Dorothy Meyer, Joan Severinsen, Lucille Zeno and Mary Alice Cameron, second sopranos; Mabel Crebo, Margaret Douglas, Karen Lash, Opal G. LaVasser, Edith Marinelle, Irene Olson and Lilah Wylie, first alto, and Madeleine Bonamer, Marilyn Bredahl, Elaine DeGrand, Eva Flemstrom, Kay Frost, Paula A. Hurley, Marianne Ostman, Vivian Olson and Nancy Stratton, second alto.

John Wesley Coleman, Harold E. Crebo, Edward W. Hurley, Helen Lund, Lloyd Servant and Beverlee Timler, first tenor; Frank Lash, Robert G. Moreau, Benjamin F. Page, Conrad Olson and Robert Schrader, second tenor; Donald F. Marvic, Albin Olson and J. Dale Teinert, baritone, and Arol E. Beck, Richard Hoyer and Percy E. Weinberg, bass.

Director of the chorus is Mrs. M. H. Garrard Jr.

**Mrs. Hulda Dahlman Dies At Marinette**

Mrs. Hulda Dahlman, 78, former Escanaba resident of 1215 N. 16th St., died at 12:01 a. m. today at the Marinette General Hospital where she had been a patient after suffering a broken hip a week ago. Mrs. Dahlman, who had been residing at the Lutheran Home at Marinette, was the widow of Carl A. Dahlman.

Born Oct. 26, 1876 at Smoland, Sweden, she had been a resident of Escanaba 50 years, since 1902 to 1952, when she went to the Lutheran Home. Her husband preceded her in death April 14, 1936. Mrs. Dahlman was a member of Central Methodist Church and the W. S. C. S.

Survivors include one sister, Mrs. Anna Anderson, in Sweden, and one niece, Hilma Larson, Escanaba.

Friends may call at the Anderson Funeral Home beginning Tuesday afternoon.

Funeral services will be held Wednesday at 2 p. m. at the Anderson Funeral Home chapel with Rev. Karl J. Hammar of the Central Methodist Church officiating. Assisting will be Rev. E. H. Baker of the Lutheran Home. Burial will be made in Lakeview Cemetery.

**Briefly Told**

**Impellant Lodge** — Impellant Lodge 460, I. O. O. F., will hold a regular meeting tonight at 8 at the I. O. O. F. Hall, North 10th St.

**V. F. W. Meeting** — The V. F. W. will hold a regular meeting this evening at 8 in the club rooms, 1305 Ludington St. All members are urged to be present.

**Dog Owner Fined** — H. D. Abbott of 805 Lake Shore Drive, was ordered to pay a fine of \$3 and costs of \$2 when arraigned Saturday in Justice Henry Ranguette's court on a charge of allowing his dog to run at large. The complaint and arrest was made by an Escanaba policeman. City ordinance and state law prohibit owners of dogs to allow the animals to run at large, day or night.

**Motorists Ticketed** — Escanaba police have issued traffic violation tickets to the following motorists: Ruth Vannberg, 1622 7th Ave. S., driving on the left side of the road; Ronald Tausma, Holland, defective tail light and expired license plates; Carlton Nelson, 2618 Lake Shore Drive, no operator's license on person; Rose M. Sankovitch, 415 S. 10th St., failure to yield right of way; Thomas P. McDermott, 524 S. 7th St., disobeying traffic signal; Clarence H. Lenhart, 318 N. 16th St., speeding; Clifford Thiry, Nadeau, speeding and defective muffler; Mrs. Ruth Gasman, 615 S. 10th St., no operator's license; James Valentine, 417 S.

**CONDUCT FOOD SURVEY**

Glen I. Beal of Gulliver is collecting information this month in the U. S. Census Bureau's national survey of household purchases of selected food items. The survey is in connection with the population survey which collects information on employment and unemployment.

13th St., failure to have car under control.

**Heating Oil Users Appreciate New Modern Delivery Equipment**

A clean, modern delivery truck outside your home means good clean service. Take a look at our equipment—then ask about our service—you'll find it all ties in together.

Courteous drivers, modern delivery equipment, metered delivery receipts all add up to better service for you.

Best of all we supply you with new Shell Furnace Oil. It's the only heating oil with

FOA-5X—keeps your oil burner filter screen clean all season, eliminates a major cause of service calls.

For carefree heat all season, switch to Shell Furnace Oil with FOA-5X. It costs no more than ordinary heating oils. Call us today. We'll make all the arrangements.

Quartets Picked For Miami Trip

Five Wisconsin barbershop quartets have been picked to represent the Land O' Lakes district in international contests at Miami, Fla., June 15-19. The winning quartets, chosen at a district contest held in Janesville, Wis., last Saturday, are as follows: Atomic Bums, Minneapolis; Cardinals, Madison, Wis.; Whipcords, Agriculturalists and Blackhaws, all of Janesville.

Both the Cardinals and the Agriculturalists have appeared on Escanaba barbershop programs, the latter winning a district championship here two years ago. The Atomic Bums and Cardinals have been signed up to sing on the annual Harvest Of Harmony program at Escanaba in October.

In addition, the Janesville barbershop chorus will make the trip to Miami. The Four Bits Of Harmony, an Ishpeming quartet, ranked high in the Janesville contest, and won the choice as alternates.

Ken Thompson, delegate of the Escanaba SPEBSQSA chapter, which is affiliated with the Land O' Lakes district, attended the contest in Janesville.

**RODENTS EAT ANTLERS**

Buck deer shed their antlers every year. The antlers seldom are found in the woods because small rodents rapidly eat them for their high mineral content.

The Upper Peninsula Child Guidance Center is at Marquette and it has a

## Words, Wit & Wisdom

By William Morris

Ladies, have your husbands abandoned the basement workshop, put the photographic enlarger back in the closet and even stopped listening to the new hi-fi rig? Instead of talking about power lathes, speedlights and concert-hall realism, do he and his pals spend hours discussing the relative merits of skirts, runabouts, dinghies and cruisers? Have "lapstrake" and "carvel" replaced "stroking" and "aperture" in the incomprehensible jargon he uses with fellow hobbyists?

If so, prepare to relax and enjoy the fact that you and your family are soon to share in the pleasures of the fastest-growing hobby in America today, power boating. Those omnipresent and indefatigable fellows, the statisticians, have come up with some astonishing data on this new diversion, indicating that from three to five times as many millions of people will be boating this summer as in 1947.

But statistics to the statisticians, say I. Our concern is with the jargon or "private language" of these boating fans. With a handsome assist from THE COMPLETE GUIDE TO SMALL POWER BOATS by the noted naval architect, Howard Springer, (Grosset and Dunlap, N. Y.) we'll take a look at some of the phrases any well-spoken boating buff will be using this summer.

"Lapstrake" and "carvel," which we mentioned back in the first paragraph, describe two methods of small-boat construction. Lapstrake is a method in which the outer planking overlaps, as in clabboard construction of a house, while a carvel-built boat has smooth planking. Another term for lapstrake—just in case you want to dazzle your mate with your deep knowledge of these matters—is "clinker" or "clinker-built."

Like all married folks, you well know the meaning of the phrase "bitter end"—but now you'll have to learn a new use for it. First though, make the acquaintance of "bitt"—the timber, perpendicular to the deck, to which ropes are secured. Logically enough, then, "bitter end" aboard your small craft is the inboard end of the anchor cable, secured to the bitt. By extension, it may designate the inboard end of any line.

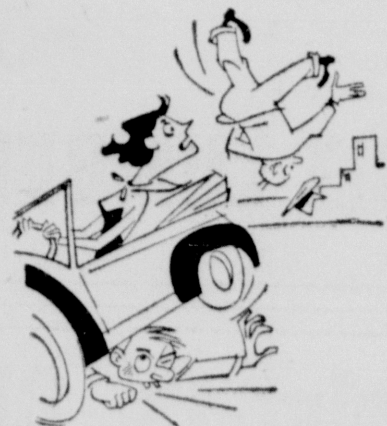

Aboard sailing craft, by the way, the word "line" is generally used rather than the land-lubberish "rope." "Landlubber," you ask? Goodness, we do have a lot to learn. Well, a lubber is any clumsy lout and "landlubber" is nautical slang for any sailor to awkward that he obviously has spent most of his life on land. Tomorrow, more salty terms for the new sailors!

When the lawn mower gets back after day has had it fixed, it's tough on Junior.

## Try And Stop Me By BENNETT CERF

Knocked off his feet by a speeding roadster, an irate citizen had his young lady driver hauled into court. "What gear were you driving in when you hit this poor man?" demanded the judge. She cooed, "What I'm wearing now, Your Honor. Just this little old strapless number."

There is a bit of a story, intriguing even if it isn't true, about how the Cunard super-liner "Queen Mary" got its name. Since time immemorial, Cunard ships always had names ending in "IA," and in keeping with this tradition, the new addition to the fleet was scheduled to be called the "Queen Victoria." When the Cunard chairman called on King George V, however, to acquaint him with this fact, and began by saying, "We're pleased to tell you our new liner will be named after one of Britain's greatest queens—" the King interrupted happily, "Good, good!

Her Majesty, I know, will be simply delighted!"

So, the "Queen Mary" it became, and the good lady herself christened the ship as it slid down the ways.

## The Doctor Says . . . Improved Methods Big Boon To Brain-Tumor Victims

By EDWIN P. JORDAN M.D. — Written for NEA Service

Does a brain tumor always show in an X-ray film? How does a brain tumor affect a person? These are questions recently which raise the question of brain tumors in general.

In answer to these specific questions it should be said that a brain tumor may not show in an X-ray film and other tests are always necessary. What symptoms result from a brain tumor depend on the location of the tumor and its size. Many tests are available but a high degree of skill and training in diagnosis is necessary before a brain tumor can be diagnosed and its location determined.

MOST OF US never develop a brain tumor but it is helpful to know that the diagnostic methods have so greatly improved in recent years that the chances of a successful operation are better now than ever before.

Much of the credit for the great progress in this field goes to the pioneer nerve and brain surgeon, the late Dr. Harvey Cushing. His long and painstaking studies on human beings and animals played a large part in developing new methods of surgical treatment of the nervous system. Many others have made their contributions too, and though one does not like to think of it, the casualties of both world wars made possible the development of new techniques which have greatly speeded the progress of neurosurgery.

ASIDE FROM WARTIME injuries there are a number of conditions for which this

kind of operation may be needed. Accidents can happen in peacetime also and if a portion of the skull is crushed in, the relief of pressure and other measures used by brain surgeons can, and often has been, lifesaving. Many brain tumors also can be operated on successfully and this, as is easy to imagine, is a complicated affair. First, the location in the brain must be determined. To do this requires an intimate knowledge of the functions of various parts of the brain so that the symptoms can be analyzed and the necessary tests taken and correctly interpreted.

Surgery on the spinal cord is hardly less complicated. Here, too, injuries, tumors and other disorders require difficult diagnostic methods before surgery is even considered. Only when it has been decided where in the spinal cord the trouble lies and its probable nature it is possible to plan the operation. There are delicate nerve connections here as well as in the brain, and the surgeon has to have a steady hand.

**BRAIN SURGERY**, heart surgery, and lung surgery were each in their day considered almost impossible fields for practical work. The triumphs which have already been accomplished in these fields shows that almost nothing is impossible given the intelligence, the will, the money, and the time.

There will always be unsolved problems in medicine but surely the progress so far made compares favorably with that in any other field.

## Today And Tomorrow

By WALTER LIPPMANN

Although the Western allies, including Western Germany, are committed to negotiation with Moscow, it is, I believe, true to say that they have not yet worked out an agreed German policy. Working it out is no longer a matter of reaching agreement in London, Paris and Washington on what the three will and will not agree to when they meet Mr. Molotov. The shape of the problem has now changed radically. Henceforth, and increasingly, the question is how the Western allies are going to protect their vital European interests as the Germans and the Soviet Union assume the initiative in the negotiation of an eventual peace treaty.

This is the developing situation, and in preparing for the coming conference with the Russians we have to bear it in mind. If the Westerners do not convince the Germans that they are able to engage in serious negotiations pointing toward German unification, the next phase will be some kind of direct negotiation between Bonn and Moscow. Indeed, it is not at all improbable that this is the objective of Soviet diplomacy, and that Mr. Molotov will not be at all unhappy if the forthcoming four power negotiations fail.

For if the conference can be made to fail on issues where the strategic interests of the West appear to be in conflict with the German national interest in reunification, the ground will have been prepared for something resembling the Austrian Chancellor's visit to Moscow.

### RADICAL DIFFERENCES

It is in this sense primarily, I would suppose, that the Austrian example is significant for Germany. Apart from that, it is jumping to an unwarranted conclusion, which to be sure the Soviet press has encouraged, that the Austrian pattern can be applied to Germany. It cannot be. The differences between the German and the Austrian problem are radical. On several important counts the Austrian formula does not fit the German problem at all.

There has never been but one Austrian government, and that government is legally elected and its legitimacy is unchallenged by any Austrian. Although there are zones of occupation, Austria has never in the German manner been partitioned into two states with two antagonistically different social systems. Vienna, unlike Berlin, has remained the capital of the whole country. Moreover, and by no means least, Austria has not been dismembered, its frontiers are unchanged and undisputed.

These conditions which are present in Austria are the elemental conditions of independence—to have one legitimate government within legitimate frontiers. The essence of the German problem is that these elemental conditions do not exist, and have still to be brought into being. The critical questions which have to be answered either by four power agreement, or by some other form of negotiation, are how one legitimate government can be created in place of the two present German governments, and what are to be the internationally recognized frontiers within which Germany is to be reunited.

### COMPLICATED PROBLEM

It is hard to see how at the present time these questions can be settled by four power agreement. For even if the Soviets were willing to accept our condition of free elections, and if we were willing to accept their condition of a Germany which is neutral as respect its military alliances, we could still not afford to withdraw the Western forces from Germany as long as there is no settlement of the eastern frontier which promises to be durable.

It may be awkward to talk about these things now. But they are crucial and had better be brought into the light of day. The Western allies cannot withdraw their armies from Germany if that means that they are leaving a sovereign and united German government to negotiate with the Soviet Union about a revision of the Potsdam frontier. For that could lead only too naturally and readily to the nightmare of nightmares—that is to say to another German-Russian alliance based once again on a revision of Polish territory.

Now it is most probable that eventually the Soviet Union hopes to strike such a bargain with a united Germany. But it would be astonishing if they were prepared now to make any such big concessions involving the territory occupied by the Poles. They would be risking very much when for them so much was still uncertain and incalculable. They would be giving up their military grip on Eastern Germany, and they would be jeopardizing their solidarity with Poland by affronting Polish national sentiment. Yet they would not know what kind of German government would in fact emerge from the boiling cauldron of an election. So it is hard to see how they can negotiate a final settlement of the eastern frontier until a united German government exists.

Copyright, 1955, New York Herald Tribune Inc.

Field fires soon will be ranging again, due to that burning desire folks have to clean things up.

## Into The Past

### 10 YEARS AGO

Escanaba—Materials needed in the construction of a 500,000 gallon elevated storage tank for city water, are arriving. The Chicago Bridge and Construction Company will do the erection.

Escanaba—Sgt. Leo Coan and T-4 George Coan, sons of Mrs. T. J. Coan are home on furlough. Leo recently arrived in this country from the Orient, having spent 31 months in India and China. George has been stationed in Omaha, Nebr.

Escanaba—Miss Winifred Larson, of Chicago, known as the "Swedish Kate Smith," presented a song service at the Swedish Covenant church here Sunday evening.

## Mirror, Mirror, on the Wall . . .

## Off They Go, Those AF Testers, Into The Wild Blue Auto Crash

FAMOUS "SPEED SLED," on which Col. John P. Stapp became the "fastest man on earth," may also help solve some of the problems of auto crash deaths. Dummy matches human flexibility.

HOLLOMAN AIR FORCE BASE, N. M. —(NEA)—Air Force scientists have launched a unique program to take death out of automobile crashes.

First they're going to determine exactly what force is required to crack a human skull against a dashboard and cave in a chest against a steering wheel, for example.

They're going to analyze the precise motions the human frame makes when it's in the back seat of a car rolling over at 60 miles an hour and how the front seat passenger crashes into the windshield during a head-on collision at 50 miles an hour.

This is the sort of data no one has gathered, and it's the key to devising ways of reducing human injuries in auto crashes, Air Force experts believe.

They already have some startling ideas which they will test in the program, and count on coming up with many new ones.

The auto crash study is part of research into the ability of humans to withstand severe physical external forces, which has been directed by the famed Lt. Col. John P. Stapp, the "fastest man on earth." His personal rides on his land sled, with speeds of more than 600 m.p.h., followed by sudden stops, have already contributed much to improving techniques for high speed parachute escapes from jets.

Directing the auto crash phase of Stapp's work is Maj. Joseph Michalski, who explains:

"If you are going to make vehicles safer you first must have a mass of statistical information on exactly what forces are involved in everything from side-swipes to roll-overs before you can begin to come up with solutions to the problem."

The project is being tackled by the Air Force because it's the logical extension of Stapp's work and because the Air Force car crash death rate is approaching the air crash fatality figure. Last year 132,339 man days were lost to the Air Force because of auto accidents. And 608 persons were killed in cars, as compared to about 700 in aircraft accidents. There were 3,852 disabling injuries.

This program could take up to five years to complete, Michalski estimates. More than 100 models and types of vehicles will be subjected to innumerable crash tests in the process. They will be elaborately instrumented and photographed.

It's possible that in some stages of the research live pigs will be used. But the work now under way is being done mainly with an anthropomorphic dummy. This is a dummy with maximum human characteristics. For example the arms only bend one direction at the elbow. The neck has about the same flexibility as a human one.

The use of safety belts, similar to those used in airplanes, is one idea which will be thoroughly tested, and holds most promise, Michalski believes. If it proves to be a useful device it's likely that the Department of Defense will insist that they be installed on its vast fleet of cars.

This could lead the way to installing safety belts on all cars. Or the idea might be picked up by insurance companies.

Padded dashboards is another idea which will be examined. It's believed that moderate padding might cut down drastically on the number of skull fractures in crashes.

A line of research already under way is the possibility of making steering wheels and columns out of some energy absorbing material

so that the impact of them on the driver will be reduced. They tend to aggravate the injury of a head-on crash now.

The steering column might be made out of some material which would break before giving the body a fatal injury in a crash.

The matter of doors springing open in a wreck is another area of study. Many persons involved in an accident are killed needlessly when they are thrown from the car through a door which opened in which otherwise might have been a minor crash.

Col. Stapp's work on his ground sled has already demonstrated that if the onset of a heavy force is spread over just a small extra period the body's ability to withstand it is greatly increased.

This raises the possibility of using the "fail safe" theory in construction of autos.

In other words, in a head-on crash the bumper would crumple first, then part of the chassis would collapse as the force got greater, and so on so that the full force of the crash would be delayed for a fraction of a second, and partially absorbed before the full effect reached the passenger.

"We have just begun this work," Michalski explains, "and we can't promise to end highways deaths completely. But I think that when we finish we will have some new information on the subjects which will make all vehicles safer than they are now."

## Edson In Washington

By PETER EDSON

(NEA Washington Correspondent) WASHINGTON—(NEA)—Conditions in free, southern Viet Nam have changed so rapidly from day to day that any simplification of the complex local political situation involved is impossible.

From a distance, however, several international aspects of the situation are subject to clarification. They concern the Washington and Paris background.

It is considered most fortunate that Gen. J. Lawton Collins, President Eisenhower's personal ambassador to Viet Nam, was in Washington when Premier Ngo Dinh Diem seized power. The general's absence from his post was criticized by Rep. Thomas J. Dodd (D-Conn) but this view is not widely held.

If General Collins has been in Saigon, Communist propaganda would have placed blame for the revolt on the United States. It would have been pictured as an American-engineered plot to overthrow the French puppet Chief of State Bao Dai.

THERE HAS BEEN a great deal of loose talk to the effect that Premier Diem is an American "puppet." Actually, he was picked by the French.

He came originally from the formerly French-dominated part of northern Viet Nam. This did not make him too popular in southern Viet Nam. But he was regarded as honest and incorruptible—rare in his country. He was Catholic and not connected with any of the native religious sects.

The fact that Diem was an intense nationalist in this case overlooked by the French. They knew that no leader could succeed in restoring order if he were pro-French.

The premier's weaknesses were recognized by both Americans and French. He is not a good administrator. He cannot delegate authority. He cannot gather around him a team of loyal Vietnamese who could form a government strong enough to fight communism.

Premier Diem was backed by the United States as the French-picked, recognized head of government. He was given considerable coaching and backbone by General Collins.

BUT IT HAS BEEN recognized all along that Diem might resign because he was so shy, or might fail and be kicked out.

When the French complained that he would not do and must be replaced American officials dealing with the situation said in effect, "All right, who replaces him?"

Invariably the French failed to come up with a better man. So the situation drifted from worse to bad.

The idea that the situation has been under complete United States control is also said to be incorrect.

U. S. foreign aid dollars have paid the piper. They have saved what there is left of the country after the Geneva cease-fire and sellout. The French fighters in Paris have always called the tune.

One important factor has been that the United States has had to play along with the French to get ratification of the London and Paris agreements to rearm western Germany. The deciding question for Washington has always been that European unity was more important than Vietnamese unity.

IF THE UNITED STATES had been given a free hand in Indochina, it is believed the entire situation there might be different today.

For one thing, it is regarded as a safe speculation that Emperor Bao Dai would not have lasted as long as he has.

It is admitted that the emperor has a native following. But it is an open secret that he has been supported in luxury on the French Riviera by graft from the river pirates who control the police and the vice and gambling concessions.

The take from this source has been estimated at millions of dollars a year. It has also supported an extensive lobby in Paris. This lobby has influenced French officialdom into continuing support of Bao Dai and the old-style colonialism.

It has been recognized in Washington that this situation could not go on forever. Americans like General Collins and Lt. Gen. John Wilson O'Daniel, in charge of training the Vietnamese army, have been plugging along as best they could. They have made considerable progress.

Diem's seizure of power while General Collins was in Washington was a hopeful sign.

But in the back of everyone's mind has been full realization that if the situation in Viet Nam became intolerable, the United States might have to pull out.

## BARBS

The man who takes his auto apart to see why it doesn't work is the one who, as a boy, took his watch apart to see what made it work.

## ESCANABA DAILY PRESS

Office 600-606 Ludington Street

## So They Say

His (Dr. Salk's) achievement, a credit to our entire scientific community, does honor to all the people of the U. S. —President Eisenhower.

He (President Eisenhower) believes that trade is the bridge between a prosperous America and a free world at peace.—James Hagerty, presidential press secretary.

Let us stop making a political game out of the nation's foreign policy.—AFL President Meany.

War is approaching, and the only way to avoid it is to lessen tension through peaceful coexistence.—Indian Premier Nehru.

Without the U. N. we might easily have had World War III and international chaos.—Eleanor Roosevelt.

The year 1955 will be the best for American workers because rising factory wages are not being eaten away by price rises.—Secretary of Labor Mitchell.

# Suburban Settlers Face Perils Today Like Davy Crockett

By HAL BOYLE  
NEW YORK (AP) — The Davy Crocketts of this generation are the suburbanites.

They are the kings of a new frontier—the housing developments springing up like maddened dandelion patches around the rim of every major American city.

These suburban settlers face more perils than ever confronted the original Davy Crockett. All he had to worry about were Indians, bears and bobcats. His trusty rifle proved to be weapon enough to deal with them.

**Hidden Menaces**

Your new suburbanite, on the other hand, is confronted by all kinds of open and hidden menaces to his feeling of security and well-being—such as rising taxes, increasing commuter fares, spreading crabgrass, poison ivy, and that greatest danger of all, the fix-it yourself mania.

Let me explain that last point further:

One of these modern-day Davy Crocketts, a friend whom we'll call Ronald Halfacre, moved to the suburbs several years ago and ever since he has been asking me: "Why don't you get wise, pull out of the city and buy a house out my way?"

"Frankly, I don't have the courage," I keep telling him. "every civilization has its form of cowardice, and I'm a machine age coward. Life is too risky in the suburbs."

**Dangerous Projects**

"I don't get you," says Ronald. "Well, everyone I know who becomes a suburbanite buys a house that is either half finished or begins to fall apart the day he moves in," I tell him. "He finds he can't afford to hire expert help so he decides to fix up the place himself. He may not have driven a nail for 20 years, but immediately he becomes a carpenter, a plumber, a paperhanger, a painter, an electrician and a landscape artist."

"What's wrong with that?" says Ronald. "It's fun."

"It may be for a guy with a natural aptitude for tools, but for a lot of other people, including me,

ing in the city that was put up and is operated by an insurance company. If anything goes broke in my apartment, I simply pick up the telephone, yell 'help,' and they send over some succor right away. I don't have to risk my life trying to fix a piece of machinery I don't understand."

**Heroes of Wilderness**

"But in the suburbs you get fresh air," said Ronald, defensively. As he turned away I noticed he was limping.

"What's the matter, Ronald?" I asked him.

"Caught my foot in my new power lawnmower," he said. "But a neighbor helped me get it out in time. That's another thing about the suburbs—out there you find real friends."

See what I mean? It takes more than a heap of living to make a house a home in the suburbs. It takes the old Davy Crockett spirit. Me. I don't have it. But if it weren't for us city cowards who would there be to admire the splendid bravery of the heroes who dare the dangers of the suburban wilderness?

The writings of Marco Polo disclosed that 13th-Century China had a highly developed postal system, the National Geographic society says. "Horse posthouses" were maintained at 25-mile intervals on highways radiating from Peking to various provinces, and 400 horses were kept at major stations. The system had parcel-post and special-delivery features.

## Dry Bones In Nevada May Tell What Early American Looked Like

LOS ANGELES (AP)—Dry bones and an ash pit in southern Nevada may hold the answer to what the earliest American looked like.

Archaeologist Mark R. Harrington leaves today with a scientific expedition for the ash pit "some-

where in Nevada." He isn't telling exactly where.

"We don't want a bunch of tourists to trample things up," he said.

Bones of giant sloths and other extinct animals have been found in the ashes. The condition of the bones indicates the animals were eaten by men.

"Since the ashes were found by the 'Carbon 14 test' to be more than 23,800 years old we may find the earliest evidence of man on this continent buried in that pit," Harrington said.

He explained the Carbon 14 test determines the age of the carbon in the ashes by means of measuring radiation. A super-sensitive Geiger counter is used and the radiation decreases as the age increases. When no radiation can be measured the carbon is assumed

to be more than 23,800 years old. The original discovery of the ash site was made by Fenley Hunter, representing the American Museum of Natural History. The Southwest Museum here, where Harrington is curator, has been given the right of investigation by the American Museum.

Harrington said the ash pit is the oldest scientifically dated human camp ground in the Western Hemisphere and he has high hopes of finding some evidence of ancient man there.

What does he think such a man looked like?

It's just about anybody's guess.

**Thousands Injured**

"Last year," I informed him, "600,000 fix-it-yourself boys suffered disabling injuries."

"Here is how they were hurt: 115,000 performing home carpentry 98,729 making their own furniture 95,000 replacing broken window panes, 76,000 painting the outside of their house, 57,000 repairing gutters and troughs, 47,000 putting up or taking down storm windows, 33,000 pruning trees, 32,000 repairing roofs, 31,000 doing interior painting, 11,000 fixing chimneys 16,400 putting up TV antennas."

"In 300,000 of the accidents ladders were involved, power tools in 180,000 hand carpentry tools in 72,000. And the number of suburbanites who got heart attacks while shoveling snow isn't even included."

"Now why, in heaven's name, should I move out to the suburbs. I live in a nice apartment build-

## Cold Weather Hits Peninsula

The weather took a sharp cold turn last night and the low temperature this morning was 30 degrees, two degrees below freezing. The high temperature yesterday was 51.

The noon temperature here today was 40 degrees. The mass of cold air that overspread the Great Lakes brought the lowest readings here in more than a month, with frosts reported southward into Indiana and Ohio.

Grand Marais reported a chilly 16 degrees. Houghton and Sault Ste. Marie each had 27 degrees and Marquette reported 28 degrees. Freezing temperatures were as far south as Lansing.

## Buried Moonshine Found In Meadow Near Rock, Mich.

ROCK—Floyd Osterberg was bulldozing an old meadow 6 1/2 miles west of Rock in preparation for planting Christmas trees Saturday when he unearthed a corked pop bottle filled with prohibition day "moonshine."

There had been old buildings on that field years ago and moonshine had been made somewhere around that locality during prohibition days. Eventually the fellow who had lived there had moved away and the house had burned.

Now, as the men worked there, they had joked about the possibility of finding a bottle of "moonshine." It was a common practice to hide "moonshine" bottles everywhere, and sometimes one couldn't even remember where he had hidden it.

After finding the whiskey bottle, they uncorked it, smelled it and the bravest of the group poured it in his hand. Since it smelled like liquor, he tasted it. It tasted like liquor that was really aged and very strong. They think the bottle must have been there about 30 years.

#### ORDINANCE NO. 290

AN ORDINANCE TO AMEND SECTION 101 OF ORDINANCE NO. 272 ENTITLED, "AN ORDINANCE TO APPROVE AND ADOPT A DETAILED AND PRECISED PLAT OF THE AREA WEST OF THE GOULAIS LAKE ADDITION (SW 1/4 OF SECTION 31, AND TO PRESCRIBE REGULATIONS RESTRICTING THE ERECTION OF BUILDINGS OR STRUCTURES WITHIN THE AREA OF SAID PLAT, AND TO OTHERWISE LIMIT THE USE OF LAND THEREIN," ADOPTED FEBRUARY 18, 1954.

The City of Escanaba Ordains: SECTION AMENDED. Section 101 of Ordinance No. 272 is hereby amended to read as follows:

Section 101. The City Planning Commission of the City of Escanaba, having made a detailed and precise plat, certified and signed by its chairman, Joseph H. Yelland, on January 20, 1954, and on file in the office of the City Clerk and a part of this ordinance, of the area west of the Goulais Lake Addition (SW 1/4 of the SW 1/4 of Section 31), pursuant to the provisions of Act 222, Public Acts of 1945, and said plat having been found to have been lawfully made and adopted by the City Planning Commission, and that said plat complies with the provisions of said Act 222, it is hereby determined that said plat be and the same is hereby approved and adopted as so certified.

Section 102. All regulations and provisions which have heretofore been enacted by ordinance or otherwise, shall continue to be in full force unless modified or amended by the terms of this ordinance.

Section 103. This ordinance shall be duly published as required by the Charter and shall be in full force and effect ten days after the date of its publication.

HARLAN J. YELLAND, Mayor.  
Attest: GEORGE M. HARVEY, City Clerk.

The aforementioned ordinance was adopted unanimously by the City Council at a regular meeting held on May 5, 1955.

GEORGE M. HARVEY, City Clerk.  
13187-May 9

#### ORDINANCE NO. 289

AN ORDINANCE TO AMEND SECTION 101 OF ORDINANCE NO. 270 ENTITLED, "AN ORDINANCE TO APPROVE AND ADOPT A DETAILED AND PRECISED PLAT OF THAT AREA BOUNDED BY LAKE SHORE DRIVE, EIGHTEENTH AVENUE SOUTH AND TWENTY-THIRD STREET SOUTH, AND TO PRESCRIBE REGULATIONS RESTRICTING THE ERECTION OF BUILDINGS OR STRUCTURES WITHIN THE AREA OF SAID PLAT, AND TO OTHERWISE LIMIT THE USE OF LAND THEREIN," ADOPTED ON DECEMBER 17, 1953.

The City of Escanaba Ordains: SECTION AMENDED. Section 101 of Ordinance No. 270 is hereby amended to read as follows:

Section 101. The City Planning Commission of the City of Escanaba, having made a detailed and precise plat, certified and signed by its chairman, Jesse W. Pomazal, on March 10, 1955, and on file in the office of the City Clerk and a part of this ordinance, of the area bounded by Lake Shore Drive, Eighteenth Avenue South and Twenty-third Street South, pursuant to the provisions of Act 222, Public Acts of 1945, and said plat having been found to have been lawfully made and adopted by said City Planning Commission, and that said plat complies with the provisions of said Act 222, it is hereby determined that said plat be and the same is hereby approved and adopted as so certified.

Section 102. All regulations and provisions which have heretofore been enacted by ordinance or otherwise, shall continue to be in full force unless modified or amended by the terms of this ordinance.

Section 103. This ordinance shall be duly published as required by the Charter and shall be in full force and effect ten days after the date of its publication.

HARLAN J. YELLAND, Mayor.  
Attest: GEORGE M. HARVEY, City Clerk.

The aforementioned ordinance was adopted unanimously by the City Council at a regular meeting held on May 5, 1955.

## Polio Vaccination Gets Along Fast In Delta County

(Continued From Page One)

that's the best thing to do for Michigan kids."

The vaccine used in Michigan is that manufactured by Parke, Davis & Co. of Detroit.

WASHINGTON (AP)—The government has urged that the nation's polio vaccination program be held up for at least a few more days while federal health authorities make a new safety check.

Surgeon General Leonard A. Scheele, announcing this Sunday, expressed hope a plant-by-plant check of vaccine manufacturers would permit resumption of the program by the end of this week.

**Quick Clearance Predicted**  
He voiced confidence that five laboratories now turning out the Salk serum would get a complete bill of health. And he said he hoped the first held-up batches of vaccine would be cleared quickly for public use.

Scheele, head of the U.S. Public Health Service, likewise pronounced the vaccine every bit as safe and effective as originally announced.

He assured parents whose children have been vaccinated that "in the very best judgment of the Public Health Service they have no cause for alarm."

Scheele's announcement — a "strong recommendation" that all vaccinations be suspended for the time being—came as a dramatic Sunday evening finale to a week-end of confusion over the status of the vaccination program.

**Michigan Goes Ahead**

As late as last Friday, Scheele himself had recommended that the inoculations be continued where vaccine was available. Then early Saturday he suggested a weekend halt in the giving of shots and followed through with Sunday's recommendation for a further delay for what he called "a double check."

Most states seemed disposed to follow Scheele's recommendation.

New Jersey and Connecticut, among others, had vaccine supplies ready for the start of shots today, but called a halt. Indiana's health commissioner first said he saw no reason for delay, but later recommended postponement.

Many states had no choice. They lacked sufficient vaccine.

But in Michigan, Health Commissioner Albert Heustis said that state's program will continue unless there is a "direct order" not to do so. "We have ample evidence that the vaccine we have used is safe and effective," he said.

## Ward Chairman Avery Resigns

CHICAGO (AP)—Sewell L. Avery, 81, resigned today as chairman of Montgomery Ward and Co., along with the firm's president who helped fight off Louis E. Wolfson's drive to capture control of the mail order house.

Edmund A. Krider, 42, Ward president who tramped the country to line up shareholders behind the Avery management, resigned and pledged "my full support" to John A. Barr, 47, who was named to succeed Avery as chairman of the board and chairman of the executive committee.

Krider had been with the company since 1945 and president since 1952. Barr, vice president and secretary, conducted part of the historic April 22 stockholders' meeting in Avery's place.

The retiring president called Barr an "excellent choice for chairman and with his leadership Montgomery Ward is assured an excellent future of growth, prosperity and service to the business community." No successor to Krider was named.

## Local UCT Council Names Delegates For Convention

The Escanaba Council of United Commercial Travelers will send a delegation to the Michigan convention of the order in Saginaw May 13-15 and Clarence Larson, 1428 N. 19th St., will be a candidate for grand sentinel at the meeting. Larson is a past counselor of the Escanaba Council.

The UCT, which has 520 members in Escanaba, will be represented at Saginaw by Mr. and Mrs. Clarence Larson, Mr. and Mrs. Ronald Stecker, Mr. and Mrs. Louis Auger, Mr. and Mrs. Alvin St. Pierre, Mr. and Mrs. Edward Harkins Jr., Mr. and Mrs. John Launoski, Mr. and Mrs. M. R. Oslund, Mr. and Mrs. Albert Taylor, Earl Brown and I. R. Peterson.

The women are members of the UCT auxiliary, of which Mrs. Oslund is grand conductor.

## New Word Coined To Mean Crackpot

DALLAS, Tex. (AP)—In Paul Crum's column in the Dallas Morning News today:

Judge Philip R. Gilliam, the Denver juvenile expert, ran into a new term when he went through the juvenile center down here. One of the boys was talking about another youth and said:

"He's psychoceramic."

"What's that?"

"Crackpot," replied the boy.

## Hospital Week To Be Observed

National Hospital Week will be observed here with open house and conducted tours of St. Francis Hospital. The theme of the week's activities will be tradition of service that hospitals have rendered to their communities. National Hospital Week is May 8 through 14.

Principal sponsor of the local observance is the newly formed women's auxiliary of the hospital.

Sister Mary Borromea invites the public to open house which will be held on May 12 from 3 to 5 p. m., and from 7 to 8:30 p. m. Tours conducted by the Gray Ladies of the Red Cross and the Hospital staff are planned with members of the Board of the Auxiliary serving refreshments and acting as the registration desks and on the reception committee. Attractive articles made by the Sewing and Art groups of the Auxiliary will be offered for sale—as well as baked goods supplied by the members.

A movie depicting hospital services and the nursing career will be shown to those who wish to see it, after the tours. As an added feature of Hospital Week observance—this movie will be shown to students of the Junior and Senior High Schools on May 10th and 11th—and on May 13th these students will be taken on a specially arranged tour.

National Hospital Day was celebrated from 1921 to 1952 on May 12, the birthday of Florence Nightingale, the famous nurse crusader of the Crimean War, whose pioneer service led to the improvement of hospital care in both England and America. The initial National Hospital Day had the endorsement of President Warren G. Harding. Since 1953 the celebration of hospital's activities has been extended to a week.

National Hospital Week is sponsored annually on a national basis by the American Hospital Association, the non-profit organization representing the hospitals of the United States and Canada. St. Francis Hospital is a member of the American Hospital Association.

## Tree Picture Shown At Kiwanis Meeting

A sound movie in color, "The Promise of the Trees," was shown at the Escanaba Kiwanis Club meeting today. Depicting the varied uses of lumber and wood, the motion picture showed action shots of tree farms, logging, sawmills, papermills and other industries relying on wood and its by-products. Mike Farrell was program chairman.

It was announced by Lowell Hebbard, next week's chairman, that his program would include dramatic recitations presented by high school students under the direction of John Romstad.

## Chicago Prices (Noon Quotations)

### CHICAGO POTATOES

CHICAGO (AP)—(USDA)—Potatoes: Arrivals old stock 213, new stock 51; on track 310 old stock, 78 new stock; total U. S. shipments Friday 859; Saturday 372, Sunday 10. Old stock supplies moderate, demand moderate and market steady; carlot truck sales, old stock: Idaho russets, \$6.35 to \$6.50; Minnesota, North Dakota Pontiacs, washed and waxed, \$4.00 to \$4.50. ## William E. Bernier Dies In Chicago

William E. Bernier, 52, died suddenly Sunday at Chicago where he was employed as mate on a Great Lakes steamer. Mr. Bernier, son of the late Mr. and Mrs. Napoleon Bernier, Escanaba, was born April 23, 1903.

Surviving are two sisters, Mrs. Gene Williams, Escanaba, and Mrs. Charles Gaffner, Escanaba R. F. D.

The body will arrive Tuesday morning from Chicago and will lie in state at the Allo Funeral Home, where friends may begin calling Tuesday evening.

General recitation of the rosary will be held Tuesday at 8:30 p. m. Funeral services will be held at 9 a. m., Wednesday at St. Thomas the Apostle Church. Burial will take place in Holy Cross Cemetery.

## Big Four Envoys Ready To Sign

(Continued From Page One)

Heads of governments or foreign ministers, aimed to settle East-West tensions in Europe. Austrian Chancellor Julius Raab told the international chief editors conference, opening here today, that the treaty negotiations had progressed so far that none of the powers would be willing to take the blame for failure now.

## Tree Picture Shown At Kiwanis Meeting

A sound movie in color, "The Promise of the Trees," was shown at the Escanaba Kiwanis Club meeting today. Depicting the varied uses of lumber and wood, the motion picture showed action shots of tree farms, logging, sawmills, papermills and other industries relying on wood and its by-products. Mike Farrell was program chairman.

It was announced by Lowell Hebbard, next week's chairman, that his program would include dramatic recitations presented by high school students under the direction of John Romstad.

All men were created equal. It was the railroads that put some of them on the wrong side of the tracks.

## Moore Consistory Plans 59th Reunion

The 59th reunion of Francis M. Moore Consistory and co-ordinate bodies of the Ancient Accepted Scottish Rite of Freemasonry will be held in the Masonic Temple, Marquette, May 19, 20 and 21.

Preparations are being made to initiate a class of 60 Master Masons, who will receive the degrees from the fourth to the thirty-second. More than 500 Scottish Rite Masons will attend the sessions during the three day rendezvous.

Degree work will be exemplified by casts from Iron Mountain, Iron River, Ishpeming, Manistique Marquette, Negaunee and Newberry.

Harry S. Peterson, thirty-third degree, Ishpeming, commander-in-chief of Francis M. Moore consistory, has appointed Robert T. Peters as chairman of the membership and visitation committee.

Presiding officers of the co-ordinate bodies are:

John F. Martin, Marquette, thrice potent master, Marquette Lodge of Perfection; George C. Quinell, Marquette, sovereign prince, Lake Superior Council, Princes of Jerusalem; Walter T. Bath, National Mine, most wise master, Peninsular chapter, Knights of Rose Croix.

## Wall Street

NEW YORK (AP)—The stock market advanced quietly today. Good gains were shown in most major divisions.

The rise carried prices up around two points at the outside in key sections with occasional gains beyond that level. Losses were fractional.

Trading was around Friday's 2,250,000 shares.

Zenith Radio was ahead around four points at times and Paramount was up around a point, both on the strength on their plans for pay-as-you-see television.

U. S. government bonds were steady.

## Head Of Texas Cattle Empire Taken By Death

(Continued From Page One)

fore World War I. He became, in the family tradition, an expert marksman, horseman and outdoorsman at an early age and until rodeo middle life was an active rodeo participant. He roped and rode with the best King Ranch vaqueros.

He loved and sought competition but the failing heart which finally ended his career had curtailed his activities in recent years. He was stricken in a Hot Springs hotel where he frequently vacationed. The body was returned here Sunday in his private plane in which he had flown to Hot Springs Friday.

## Trusty Returned

MARQUETTE — William J. Washluske, Jr., 34, a Marquette Prison trusty who walked away from a side camp at Fort Wilkins renovation project in Keweenaw Wednesday was returned to the prison here Saturday after being found in a drunken stupor Friday night. State police at L'Anse aux Washluske was found by the woman owner in a cottage at Copper Harbor three miles from the camp. She notified a neighbor who guarded Washluske until sheriff's officers arrived.

## Personals

Mr. and Mrs. Harry Sinclair of Iron Mountain spent the weekend here, the guest of Mrs. Sinclair's sister, Mrs. R. W. Coolman. Returning to their home Sunday evening.

Mr. and Mrs. Harry Sinclair of Iron Mountain and Mr. and Mrs. R. W. Coolman of this city visited in Marquette Saturday with Mrs. Marion C. Long who is a patient at the St. Luke's hospital.

## Mrs. Chlebowski Claimed By Death

Mrs. John (Mary) Chlebowski, 72, died Sunday morning at the home of her sister-in-law, Mrs. Mary Becker, 1206 N. 22nd St., where she and her husband had been residing for the past year.

Born July 13, 1882 in Germany, Mrs. Chlebowski resided in Chicago several years and then moved to North Judson, Ind., for three years before coming to Escanaba.

Besides her husband, she is survived by two daughters, Mrs. Lillian Northman of Waukegan, Ill., and Mrs. C. J. Birgy of Chicago; two sons, George Herzog of North Judson, Ind., and August Winholtz of St. Petersburg, Pa., and 10 grandchildren.

Friends may begin calling at the Degnan Funeral Home Tuesday at 2 p. m.

Funeral services will be held at 2 p. m. Wednesday at the Degnan Funeral Home chapel with Rev. Johannes Ringstad of the Immanuel Lutheran Church officiating. Burial will be made in Lakeview Cemetery.

## Unions Dig Deeper Into Politics But Avoid Labor Party

WASHINGTON (AP)—Organized labor—15 million strong—is going deeper into politics, but the high command is strongly opposed to a political labor party such as that in Great Britain.

Labor's top chiefs say that after the coming merger of the AFL and CIO, unions will remain an independent political force. But they concede that Democratic candidates are far more likely to benefit from labor's political action than Republicans.

### No Ties For AFL

Some labor leaders imply that unions cannot achieve their goals through the two-party system, they may have to turn in another direction.

AFL President George Meany, who will head the merged AFL-CIO organization, gave these views in an interview:

"As long as I have anything to say about it, the AFL will not tie itself to any political party. I don't believe in a labor class or a labor party along class lines such as the British Labor party. I don't believe in it just as I don't think there should be a political party in this country along denominational lines.

"There will be increased political action by labor in 1956. But political action by organized labor doesn't mean we will tie ourselves to any party. There is talk that labor is going to join forces with the Democratic party. Well, I'm not going to tie the AFL to any party, anytime, anywhere.

"That doesn't mean, of course, that we won't support more Democrats than Republicans because that probably will be just the way it works out. The facts are that more Democrats have favorable

record from our point of view than Republicans."

### War On T-H Law

The merged unions will make their political drive through a single organization which will be formed with the merger of the AFL's Labor League for Political Education and the CIO's Political Action Committee.

The AFL and CIO set up these political action groups after passage in 1947 of the Taft-Hartley law, which forbids unions from taking dues money out of union treasuries and spending it in support of any candidate for federal office.

These groups accept voluntary contributions from workers, and since it is not dues money, there are no strings on spending it in direct support of any candidate.

But won't the effect of such political action actually mean drawing labor into closer working arrangements with the Democratic party, which now gets most of labor's support?

Meany replied:

"I will say this. If the time should ever come when we are forced to do such a thing—tie ourselves to any party—then it will be our own party.

"We are going to try to achieve our aims on a nonpartisan basis. But if the nonpartisan efforts fails, then we'll go somewhere else. We'll go where we must go. And we'll go as far down that road as it is necessary to go."

It is known that Walter Reuther, president of the CIO, and John L. Lewis, chief of the United Mine workers, both share Meany's misgivings toward a national labor party in the United States.

Thomas Kennedy, vice president

## Probate Judges Get Pay Raises

LANSING (AP)—Pay raises for probate judges and most circuit court stenographers were voted by the Senate Thursday in a bill forwarded to the House.

Probate judges got \$500 a year raises in all counties up to 35,000 population, \$750 a year in counties up to 70,000 population.

In counties between 70,000 and 90,000 population, the pay was raised from \$8,000 to \$9,000, between 90,000 and 120,000 population from \$10,000 to \$10,750, between 120,000 and 130,000 from \$11,000 to \$11,500, between 130,000 and 250,000 from \$11,500 to \$12,250, between 250,000 and 395,000 from \$12,000 to \$13,500, between 395,000 and 500,000 from \$15,000 to \$16,000 and in Wayne County from \$17,000 to \$18,500.

Southern Ontario averages about three inches of rainfall during the summer.

of the UMW, whose views often reflect the thinking of Lewis, had this to say:

"There is no need for a labor party in the United States. The American labor movement is essentially an economic movement and if it fails to realize this and to continue to act in behalf of its own membership to win better wages and working conditions through economical action, the UMW feels that it will suffer the fate of much of the European labor movement."

Lewis reportedly thinks Meany and Reuther are going too far into politics even with their present plans for more vigorous political action.

## Women Promised Free Fishing In Michigan

LANSING (AP)—If the House of Representatives has its way, women anglers will be able to dip a hook without shelling out \$1.50 for a fishing license.

The House has passed and sent to the senate a bill permitting women to fish without licenses.

Rep. Kenneth O. Trucks (R-Baldwin), who introduced the bill,

DAILY PRESS  
Escanaba, May 9, 1955 7

said it would erase inequities in the present law.

At present, married women can fish on their husbands' licenses. Trucks contended this discriminated against single women.

The lower chamber defeated a proposal to allow Michigan residents over 65 to fish without licenses.

## Otto Dahlbeck Taken By Death

Otto Dahlbeck, 77, of 912 Montana Ave., died Sunday at 6 p. m. at his home. He had been in failing health for several years.

Mr. Dahlbeck was born in Pitted, Sweden Sept. 30, 1877. He came to the United States in 1904 and that year he married Molly O. Lidman. The family lived in the Dakotas and in Seattle, Wash., until 1920 when they moved to Gladstone.

Mr. Dahlbeck was a member of the First Lutheran Church in Gladstone and served as sexton and as a member of the board of deacons for many years.

Besides his widow, he is survived by two daughters, Mrs. Robert (Agnes) Hupy, and Mrs. (Fred) (Ruth) Schwarzer both of Gladstone, and a son, Carl E. Dahlbeck, Houston, Texas. Nine grandchildren also survive.

The body was removed to the Skradski Funeral Home and friends may call there at any time. The body will be removed to the first Lutheran Church at 1 p. m. Tuesday and funeral services will be held at 2 p. m. Rev. Clifford Peterson, pastor, will officiate and interment will be made in Fernwood Cemetery.

Mr. Dahlbeck was employed at the old Northwestern Co. until his retirement a number of years ago.

### DISTANCE DIFFERENCE

Though smaller, the moon appears to be the same size as the sun because the latter, with a diameter of 400 times that of the moon, is 400 times as far away.

"Remember that Bully who was picking on Wilbur? ... He's picking on me now!"

## Social

### Coterie

Mrs. James Dehlin will entertain the members of the Coterie Tuesday afternoon at 3 at her home, 1225 Minnesota Ave. Mrs. Seymour Lewis will review the book, "Gifts of the Sea" by Anne Morrow Lindbergh.

### Witness Naval Review

Miss Bonnie Lou Earle, daughter of Mr. and Mrs. George Earle of 550 Cherry Street, Manistique, together with her classmates, will be the guest of Rear Admiral and Mrs. E. P. Forrestal on Saturday May 14, at the Great Lakes Naval Training Station.

The students will witness the first review of the season and later will have luncheon with the Forrestals. Bonnie is a member of the freshman class at Ferry Hall, the girl's private boarding school in Lake Forest, Illinois. The Forrestal's daughter, Judith, is a classmate of Bonnie's.

## Mother-Daughter Banquet Planned

A Mother-Daughter banquet for the Job's Daughters of Bethel 7 will be sponsored by Minnewasca Chapter 96, Order of the Eastern Star, at the Masonic Temple at 6 Wednesday evening.

A program has been arranged for presentation after the banquet. At its conclusion there will be initiation of new candidates in the chapter room.

The banquet planning committee is composed of Mrs. Elmer Peterson, Mrs. Marvin Larsen and Mrs. Robert Adams.

Program details: God Bless America, Assembly. Invocation, Cynthia Ridings, Toastmistress, Mrs. Marvin Larsen.

Welcome to Daughters, Mrs. Margaret Adams, Bethel Guardian.

Response, Noreen Sebeck, Honored Queen.

"Solea, 'I Believe' and 'How I Love You, Mother of Mine,' Mary Lee Mackie, accompanied by Ruth Anderson.

Reading, "Tribute to Mother," Nancy Hall.

Trumpet solo, Nancy Grenfell, accompanied by Noreen Sebeck.

## City Briefs

Ed Nelson, 924 Minneapolis Ave., city, left Friday morning for Rockford, Ill., where he will visit his two sons, Hjalmer and Herman Nelson. He also will visit a son-in-law and daughter, Mr. and Mrs. Allan Abernathy and family in Chicago for several days.

### BUFFALO TRAILS

Before the 19th century, American bison ranged as far east as the Carolinas. In this westward migration, they pounded out trails followed by the Indians and later settlers, routes now followed by many modern highways.

## Councilmen Will Discuss Wages

A report from Councilmen Willard Garvin and George Stephens on a series of meetings held with city employees on requested wage increases is slated to be presented tonight at a regular meeting of the City Council at 7:30 p. m.

Mayor A. W. Heitman appointed the two Councilmen to serve on a wage committee a month ago, after Local 1196 of the AF of L State County and Municipal Employees presented a request for wage increases, and for a work week consisting of five nine-hour days instead of the current 48-hour week. Since their appointment, the Councilmen have met with union officials and representatives of other city employees.

The budget for the new fiscal year also will probably be discussed at the session tonight. The preliminary budget of the city manager, totaling \$221,549 has been presented to Councilmen already, but extensive discussion has been deferred pending decision on the employees' wage requests. The proposed budget this year is about the same as last year, when it totaled \$222,360.46.

A request of the firemen for a 70-hour week instead of the present 73½ hours was turned down.

A request that the city approve social security for its employees, if and when enabling legislation is adopted, was tabled so that a study could be made of the matter, if and when such legislation is passed.

## Denies Contributing To Delinquency Of Minor Local Girl

Kirk R. Posenke, 22, of Fenton, Mo., formerly of Route 1, Rock, pleaded not guilty of a charge of contributing to the delinquency of a minor when arraigned before Justice of Peace A. T. Sohlberg Saturday and was released under bond.

Two other charges: allowing an unlicensed minor to drive his auto, and possession of beer in an auto, occupied by a minor, have also been made against Posenke but what action is to be taken on them will be determined following disposition of the first charge.

Posenke was arrested by Michigan State Police after they had chased his auto, driven in an erratic manner, at speeds that reached 80 miles per hour at times. When the car was finally stopped it was found to be driven by a Gladstone girl under 16 years of age.

## Briefly Told

**Confirmation Classes**— Confirmation classes of the First Lutheran Church meet Tuesday for instruction, the junior class at 4 in the afternoon and the senior class at 7 in the evening.

**WBA Meeting**—A regular meeting of the Women's Benefit Association will be held at the home of Mrs. Robert Wilbee on Wisconsin Ave., Thursday evening instead of on Tuesday as originally planned.

**At Convention**—Raymond Long of 1202 Dakota Ave., left Saturday by plane for Miami, Fla., where he is attending a convention of the International Papermakers Union. Long, who is president of the Papermakers Union. Local 209, will return Saturday.

**Cleaning Bee**—The Ladies' Aid of the Mission Covenant church will hold a cleaning bee, starting at 9 Tuesday morning at the church. Those participating in the bee are asked to bring all their cleaning equipment. Persons who are asked to bring either a hot dish or a salad.

**Luther League**—The Luther League of the First Lutheran Church will meet at the church Tuesday evening at 7:45. Roll call will be answered with Bible verses. The program includes a prayer by Diane Oja; a declamation "Angel Unaware" by Karen Kliner, a musical selection by Diane Oja and Nancy Holm and a declamation "I, Mary, the Mother of Jesus" by Frances Anderson. Games will be played after the program and lunch will be served. On the committee in charge are Nancy Holm, Dianne Oja, Karen Kliner, Frances Anderson, Louis Creten and Richard Rosenlund.

## Canary Island Farmers Draw Water From Air

WASHINGTON — Farmers extract water from the air on Lanzarote in the Canary Islands, where annual rainfall may be only two inches a year, says the National Geographic Society.

Lanzarote has no wells for irrigation. Consequently farmers strew seeds on arid ground; then four or five inches of lava are spread over them. The lava acts as a condenser, drawing moisture from the sea air.

Corn, alfalfa, chick-peas, and grapevines grow under these conditions. The plants are stunted but hardy. Cornstalks little more than a foot tall bear fully developed ears.

## Hospital Party Gladdens Child On Her Birthday

A little girl who has been a patient since April 20 in Schoolcraft Memorial Hospital was so happy Saturday she was scarcely able to blow the candles out on her birthday cake.

The youngster, Mary Jo Nord, daughter of Celina Nord of Gulliver, was in the hospital on her birthday, so nurses, members of the medical staff and others chipped in to buy her birthday gifts.

Presented to her were four new dresses, shoes, a walking doll, blue jeans and other items of clothing, as well as a big birthday cake. When the 8-candle cake was brought to her, she could scarcely blow them out—her joy was so great.

The sandy-haired, blue-eyed child, a second grader in White-dale school, is receiving treatment for a skin condition.

The birthday surprise for her was initiated among the nurses. When others heard of the project, they contributed too. Members of the hospital auxiliary, other patients, visitors and the medical staff participated in arrangements.

## Hardware Dealers Will Meet May 12

Hardware merchants and their employees together with traveling salesmen of wholesalers and manufacturers, in Menominee, Delta, Schoolcraft and city of Engadine counties will attend the 34th annual district meeting sponsored by the Michigan Retail Hardware Association to be held Thursday, May 12 at The Surf, Manistique, according to the announcement today by E. E. Cookson, C-L Hardware, Manistique, chairman.

Ralph W. Carney, nationally-known business consultant of Wichita, Kas., will be the featured speaker. His topic is "Welding The Weakest Link."

Also participating on the program is Robert M. Audrain, The Audrain Hardware, Gaylord, and Harold W. Schumacher, Lansing, president and manager-treasurer respectively of the state association.

## No Waiting List For Navy Enlistees

John H. Prince, GM1, U. S. Navy recruiter in Marquette has announced there is no waiting list for men enlisting in the U. S. Navy at present.

The recruiter will be at the Manistique post office every Wednesday from 4 to 5 p. m., and each Thursday from 9 a. m. until 3 p. m., until further notice.

The Navy has an excellent program for High School graduates and those graduating in June, the recruiter pointed out. The program gives men enlisting an opportunity to attend a Navy school upon completion of recruit training.

## City Briefs

Mr. and Mrs. William Brunet and children, of Marquette, visited here last week at the William Kekley home, N. Houghton Ave.

Mrs. Mollie Wygal and daughters, Helen and Ann, and Mrs. Nellie Larson, 164 N. Cedar St., have returned after spending two weeks visiting relatives in Detroit.

Mr. and Mrs. Tony Chopt and family, of Dearborn, were recent guests of Mr. and Mrs. Herbert Buas, River St. They also visited other relatives.

Darwin Richards, of Flint, visited during the weekend with his aunt and uncle, Mr. and Mrs. Lester Richards.

MARY JO NORD

A little girl who has been a patient since April 20 in Schoolcraft Memorial Hospital was so happy Saturday she was scarcely able to blow the candles out on her birthday cake.

The youngster, Mary Jo Nord, daughter of Celina Nord of Gulliver, was in the hospital on her birthday, so nurses, members of the medical staff and others chipped in to buy her birthday gifts.

Presented to her were four new dresses, shoes, a walking doll, blue jeans and other items of clothing, as well as a big birthday cake. When the 8-candle cake was brought to her, she could scarcely blow them out—her joy was so great.

The sandy-haired, blue-eyed child, a second grader in White-dale school, is receiving treatment for a skin condition.

The birthday surprise for her was initiated among the nurses. When others heard of the project, they contributed too. Members of the hospital auxiliary, other patients, visitors and the medical staff participated in arrangements.

## Old US-2 Contract Will Be Let May 24

The Schoolcraft County road commission Saturday was informed by the Michigan Highway department that plans and proposals for improvement of old US-2 have been approved with the recommendation that bids be let May 24.

The project calls for 10 miles of grading and drainage, preliminary to blacktopping.

The blacktopping contract will be let shortly after the others, the road commission reports.

### CARD OF THANKS

We appreciate more than words can tell the kindness of neighbors and friends during our recent bereavement the death of our beloved husband, father and brother, Orley Losey. We especially want to thank those who donated cars, sent floral offerings, served as pallbearers and all others who aided in any way.

Signed:  
The family of Orley Losey

General Skating — Friday Night  
Skating, 15 And Older — Saturday Night  
Matinee Saturday 2 to 4:30 P. M.,  
For Grade School Children

## Tree Shipping Soon Finished

The Wyman nursery has filled two-thirds of its orders for three million tree seedlings thus far this spring, Carlton E. Hollister, superintendent, reports.

The remainder of the orders will be filled during the week, with exception of a few where later delivery has been requested, he said. Most of the trees this year were for private planters.

Tree growth this year is about 10 days ahead of last year, due to warm weather, the superintendent noted. Rains and cool weather, he added, have aided in the removal of trees for shipping.

Later, the Conservation department nursery here will plant six million tree seeds and transplant another 2½ million. A crew of 40 now is employed.

## Coast Guard Will Send Recruiter Here Thursday

A U. S. Coast Guard recruiter will be in Manistique at the Post Office Building from 9 a. m. to 4 p. m., Thursday to interview young men who wish to enlist.

The Coast Guard has immediate need for men between the ages of 17 and 30 and those qualified can be enlisted immediately, according to Edwin A. Wilson En2, USCG Recruiter of Sault Ste. Marie.

Those enlisted will receive basic training at the U. S. Coast Guard receiving center in Cape May, N. J. Processing normally will take 10 days after application for enlistment.

Young men who will be graduating from High School in June and plan to enlist afterwards are advised to contact the Coast Guard recruiter when he is here this week.

Dragged Under Truck

PLATTSBURGH, N. Y. (AP)—Floyd Hayes, 21, was thrown under a truck when it and his motorcycle collided on a city street Friday.

He told police he grabbed the front axle as he went under and "rode it to a stop."

Hayes was treated at a hospital for leg and hand injuries.

**ORDINANCE NO. 286**  
AN ORDINANCE VACATING A PORTION OF THE ALLEY IN BLOCK TWO (2), ASSESSOR'S PLAT NO. 3 TO THE CITY OF ESCANABA.  
The City of Escanaba Ordains:

**CHAPTER I**  
**Area To Be Vacated**  
Section 101. The City of Escanaba hereby vacates and discontinues the south four hundred and forty feet of a twenty-foot alley between South 22nd Street and South 23rd Street in Block Two (2), Assessor's Plat No. 3 to the City of Escanaba, and deems such vacation advisable.

**CHAPTER II**  
**Reservations**  
Section 201. The City of Escanaba reserves unto itself at all times a perpetual easement to enter upon the land for the purpose of maintaining, repairing and altering the present sanitary sewer existing thereon.

Any altering, removal or reconstruction of the present sanitary sewer located in the above described alley, which is necessary because of the erection of any structure thereon shall be done under the supervision of the City of Escanaba and the expense incurred shall be borne by the owner of the property.

**CHAPTER III**  
**Notification**  
Section 301. This ordinance is passed after due notice has been given, as required by Section 2 of Chapter XII of the City Charter and by Ordinance No. 65 of the City of Escanaba, and Act 207 of the Public Acts of Michigan of 1921, as amended, that the Council would hear objections to the vacation and discontinuing of the aforementioned alley and property on the 5th day of May, 1955.

**CHAPTER IV**  
**Repeal**  
Section 401. All other ordinances or parts of ordinances in conflict herewith are hereby repealed.

**CHAPTER V**  
**Effective Date**  
Section 501. This ordinance shall be duly published as required by law, and shall be in full force and effect ten days after its passage and publication.

HARLAN J. YELLAND, Mayor.

Attest: GEORGE M. HARVEY, City Clerk.

After a public hearing on the aforementioned ordinance the City Council unanimously adopted said ordinance at a regular meeting held on May 5, 1955.

GEORGE M. HARVEY, City Clerk.  
13187-May 9

**ORDINANCE NO. 287**  
AN ORDINANCE TO AMEND SECTION 101 OF ORDINANCE NO. 237 ENTITLED, "AN ORDINANCE TO APPROVE AND ADOPT A DETAILED AND PRECISED PLAT OF THAT AREA BOUNDED BY EIGHTH (8TH) AND FIFTEENTH (15TH) AVENUES SOUTH AND THE CENTER LINE OF THE ALLEY BETWEEN THE THIRTEENTH (13TH) AND TWENTY-THIRD (23RD) STREETS SOUTH, AND TO PRESCRIBE REGULATIONS RESTRICTING THE ERECTION OF BUILDINGS OR STRUCTURES WITHIN THE AREA OF SAID PLAT."

Section 101. The City Planning Commission of the City of Escanaba, having made a detailed and precise plat, certified and signed by its chairman, T. D. Vinette, on February 25, 1955, and on file in the office of the City Clerk and a part of this ordinance, of the area bounded by Eighth and Fifteenth Avenues South and Nineteenth and Twenty-third Streets South, pursuant to the provisions of Act 222, Public Acts of 1943, and said plat having been adopted by said City Planning Commission and that said plat complies with the provisions of said Act 222, it is hereby determined that said plat and the same is hereby approved and adopted as so certified.

Section 102. All regulations and provisions which have heretofore been enacted by ordinance, or otherwise, shall continue to be in full force unless modified or amended by the terms of this ordinance.

Section 103. This ordinance shall be duly published as required by the Charter and shall be in full force and effect ten days after the date of its publication.

HARLAN J. YELLAND, Mayor.

Attest: GEORGE M. HARVEY, City Clerk.

The aforementioned ordinance was adopted unanimously by the City Council at a regular meeting held on May 5, 1955.

GEORGE M. HARVEY, City Clerk.  
13187-May 9

**ORDINANCE NO. 288**  
AN ORDINANCE TO AMEND SECTION 101 OF ORDINANCE NO. 265 ENTITLED, "AN ORDINANCE TO APPROVE AND ADOPT A DETAILED AND PRECISED PLAT OF THAT AREA BOUNDED BY FIFTH (5TH) AND EIGHTH (8TH) AVENUES SOUTH AND THE CENTER LINE OF THE ALLEY BETWEEN THE NINETEENTH STREET AND TWENTY-THIRD (23RD) STREETS SOUTH, AND TO PRESCRIBE REGULATIONS RESTRICTING THE ERECTION OF BUILDINGS OR STRUCTURES WITHIN THE AREA OF SAID PLAT."

Section 101. The City Planning Commission of the City of Escanaba, having made a detailed and precise plat, certified and signed by its chairman, T. D. Vinette, on February 25, 1955, and on file in the office of the City Clerk and a part of this ordinance, of the area bounded by Fifth and Eighth Avenues South and the center line of the alley between Nineteenth and Twenty-third Streets South, pursuant to the provisions of Act 222, Public Acts of 1943, and said plat having been adopted by said City Planning Commission, and that said plat complies with the provisions of said Act 222, it is hereby determined that said plat and the same is hereby approved and adopted as so certified.

Section 102. All regulations and provisions which have heretofore been enacted by ordinance, or otherwise, shall continue to be in full force unless modified or amended by the terms of this ordinance.

Section 103. This ordinance shall be duly published as required by the Charter and shall be in full force and effect ten days after the date of its publication.

HARLAN J. YELLAND, Mayor.

Attest: GEORGE M. HARVEY, City Clerk.

The aforementioned ordinance was adopted unanimously by the City Council at a regular meeting held on May 5, 1955.

GEORGE M. HARVEY, City Clerk.  
13187-May 9

**ORDINANCE NO. 289**  
AN ORDINANCE TO AMEND SECTION 101 OF ORDINANCE NO. 265 ENTITLED, "AN ORDINANCE TO APPROVE AND ADOPT A DETAILED AND PRECISED PLAT OF THAT AREA BOUNDED BY FIFTH (5TH) AND EIGHTH (8TH) AVENUES SOUTH AND THE CENTER LINE OF THE ALLEY BETWEEN THE NINETEENTH STREET AND TWENTY-THIRD (23RD) STREETS SOUTH, AND TO PRESCRIBE REGULATIONS RESTRICTING THE ERECTION OF BUILDINGS OR STRUCTURES WITHIN THE AREA OF SAID PLAT."

Section 101. The City Planning Commission of the City of Escanaba, having made a detailed and precise plat, certified and signed by its chairman, T. D. Vinette, on February 25, 1955, and on file in the office of the City Clerk and a part of this ordinance, of the area bounded by Fifth and Eighth Avenues South and the center line of the alley between Nineteenth and Twenty-third Streets South, pursuant to the provisions of Act 222, Public Acts of 1943, and said plat having been adopted by said City Planning Commission, and that said plat complies with the provisions of said Act 222, it is hereby determined that said plat and the same is hereby approved and adopted as so certified.

Section 102. All regulations and provisions which have heretofore been enacted by ordinance, or otherwise, shall continue to be in full force unless modified or amended by the terms of this ordinance.

Section 103. This ordinance shall be duly published as required by the Charter and shall be in full force and effect ten days after the date of its publication.

HARLAN J. YELLAND, Mayor.

Attest: GEORGE M. HARVEY, City Clerk.

The aforementioned ordinance was adopted unanimously by the City Council at a regular meeting held on May 5, 1955.

GEORGE M. HARVEY, City Clerk.  
13187-May 9

**MOST ADMISSIONS**  
Largest number of states admitted to the Union was during the administration of Benjamin Harrison. Montana, North and South Dakota, and Washington were admitted in 1889, Idaho and Wyoming in 1890, during his term.

**Tripod Fish Found To Possess Legs**  
WASHINGTON—Until recently scientists were wrong about the use of appendages on the "tripod fish" or Benthosaurus. Two spines trailing from the fish's flanks and its long wirelike tail were hitherto thought to be filaments floating behind the fish. However, National Geographic Society photographs now show them to be almost legs—certainly props or crutches. The fish "jumps" on these props along the bottom 7,000 feet under the surface of the Mediterranean Sea.

**UNKNOWN ORIGIN**  
Origin of the Albanian people is unknown. They speak a language of their own, which belongs to the Aryan family and is distinctly related to Greek and Latin.

## In This Corner

With Roy Crandall

With nine Class B schools represented, the Great Lakes Conference track meet at Manistique Saturday was practically a preview of the Class B regionals. As expected, the powerful Stephenson team proved too tough for the rest of the GL competition. In their first appearance in the meet, the Eagles not only won the meet title, but two members of the squad set all-time records. Jim Strohl tossed the shot farther than any other athlete has been able to do and Dick LeRoy rewrote the low hurdles record.

Speaking of the Great Lakes, Bob Brumm of the Marquette Mining Journal believes the conference needs a rotation system whereby every school would meet every other one at least once every three or four years. He writes: "The conference is seven years old yet there are some teams that have never met each other in football and basketball... such as Sault Ste. Marie and Gladstone."

The Soo Loretto Angels are looking more and more like the top choice to cop the first annual Upper Peninsula Invitational baseball tournament which will be sponsored by Holy Name here May 27-29. Loretto won its third straight game Friday with John Goetz tossing a two-hit, 4-1 victory over Saul High. He fanned 17.

Ishpeming, Escanaba's next baseball foe, opened the season with a 12-7 victory over Negaunee St. Paul last week. The Hematites scored nine runs in the sixth and seventh innings to give the victory to a freshman relief pitcher, Jim Tasson. The Eskymos, seeking their 39th straight victory, entertain Ishpeming Tuesday afternoon at 4.

## Eskymos Eye 39th Win In Home Game Tuesday

The record-smashing Escanaba Eskymos will be shooting for their 39th straight baseball victory over a six-year span when they entertain the Ishpeming Hematites Tuesday at 4 at the City Diamond.

Coach Jim Rouman's Esky ball players won their 38th straight game last week by nipping Holy Name 3-2 in the last of the seventh. In previous games this season the Eskymos edged Stephenson 1-0 and drubbed the Marquette Redmen 16-0.

Escanaba opened the 1955 season with 35 straight victories. The long win streak began back in

the 1950 season after a loss at Iron Mountain. Escanaba won the final five games of that campaign and have been unbeatable since. The Eskymos will likely field the same starting lineup that has opened each game this season.

Harlan Breitman will probably open on the mound with Allen Erickson behind the plate. Bucky Flath at first base, Pat Coyne at second, Jim Beck at shortstop, Hugh Ray at third, Bob Bero in left field, Dave Vau in center and Norm Seguin in right.

Ray provided the big blow that gave the Eskymos their comeback-behind victory over Holy Name in a game that attracted wide attention last week. He socked a long ball over the centerfielder's head to score Bucky Flath from third with the winning run in the last of the seventh. Escanaba entered the final inning with a 2-1 deficit.

Ishpeming notched a 12-7 victory over Negaunee St. Paul in its opening game of the season last Friday afternoon.

The Hematites are expected to offer stiff opposition here as Coach Lee Goodney includes 10 lettermen on his squad, including three veteran hurlers.

### FIGHTS LAST NIGHT

By The Associated Press

Hollywood — Johnny Hart, 140, Phoenix, stopped Andy Escobar, 138½, Los Angeles, 9.

Tacoma, Wash.—Pat McMurtry, 188, Tacoma, stopped Sgt. J.B. Reed, 196, Travis Air Force Base, Calif., 6.

Phillie pitcher Robin Roberts was switched from first base to the mound while playing at Michigan State.

The 1954 Pittsburgh Pirates lost 101 games and finished in last place. In 1909, however, they won 110 games and came in first. They also won the World Series.

Gus Eriksen is in his sixth season as coach of the Syracuse University crew.

## Michigan, Minnesota Still Tied For Lead

CHICAGO (AP)—Michigan and Minnesota failed to settle their showdown in the Big Ten baseball pennant race over the week end and remain locked in the lead as they face first division clubs this week. The two pacesetters split a doubleheader Saturday and have identical 7-2 records.

Minnesota took the first game 4-3 after piling up a 4-0 lead in

### Cockell's Manager Wants English Judge

SAN RAFAEL, Calif. (AP)—There will be an English judge among the officials for the Rocky Marciano-Don Cockell heavyweight title fight at San Francisco if John Simpson has his way.

Simpson, Cockell's manager, said today he will ask that an Englishman be one of the two judges selected by the California Athletic Commission when it meets Thursday to name the ring officials for the May 16 bout.

Simpson said he also plans to discuss with the commission the matter of "fouls in boxing." He said that in studying pictures of Marciano's previous fights he had noted complaints about the champion's "foul tactics."

"I don't want them used against my boy," added Simpson.

# Eagles Capture Great Lakes Meet

## Meet Marks Smashed By Strohl And Dick LeRoy

By RAY CRANDALL

MANISTIQUE — Paced by a pair of record-shattering performances by Jim Strohl and Dick LeRoy, the Stephenson Eagles swept to the Great Lakes Conference track and field championship here Saturday.

Coach Francis Cappaert's Eagles piled up 52½ points to win their first Great Lakes honors by more than 20 points over second place Newberry. Defending champion Sault Ste. Marie pressed Newberry for second.

Husky Strohl flipped the shot 45 feet 1 5/8 inches for a new Great Lakes standard. Lanky LeRoy skimmed the low hurdles in 22.2 seconds to rewrite another record.

### Two 440 Winners

The Eagles grabbed valuable points in the 440 yard dash where they placed a double victory. The event was run in three races because of the large field and Stephenson took two firsts. Carl Dougovite outstepped his foes in the first race in 57.1 and big Tom Kakuk barged home in front in the second in 57 flat.

LeRoy was the big point-producer for the Eagles. In addition to his low hurdles victory he placed second in the high jump and third in the high hurdles and ran on the winning 880 relay team. Strohl also came in fifth in the 100-yard dash.

Diminutive Bob Visuri was bettered for the first time this season in the 100-yard dash in which he is the defending Upper Peninsula Class B champion. The Stephenson flyer was nipped in the century by Kaye Vandenberg of Marquette and Tim Zhulike of Ishpeming in the most exciting race of the day. The winning time was 10.7.

### 220 Duel Too

Visuri was off to a good start and led by a slight margin at the three-quarter mark but Vandenberg inched ahead in the stretch and the first three runners were no more than six inches apart at the tape.

The same trio of speedsters duelled in the 220 yard dash. Vandenberg again paced the field with Visuri flying at his heels and Zhulike coming in third. The time of 23.4 was a new meet record.

One of the highlights of the meet was a sensational half-mile run by Jack Stafford of Sault Ste. Marie. The Blue Devil middle-distance ace romped home far ahead of the field in 2:05.5 for a new GL standard. Stafford was four-fifths of a second off the Upper Peninsula record. Stephenson's Jerry Martin placed fourth in the event and was also third in the high jump.

### Manske Wins Vault

Bob Kuntze ran strong for a third place in the mile which was

won by Gary DeLisle of Munising in 4:41.6, another new meet mark. Escanaba's Dale Manske copped first place in the pole vault with a leap of 10 feet 2 inches and Con Prokos placed second in one of the 440 races. The Eskymo half-mile relay team took fourth place.

One of the most thrilling events of the program was won by the Manistique medley relay quartet which recently set a new record in the Soo Invitational meet. Ed Bernier, Emerald anchorman, ran a brilliant final leg to grab victory from the Newberry Indians who had opened up a wide lead. Ken Dixner, Don Anderson and Alroy Mersnick rounded out the relay team.

### High Jump Record

Manistique scored 27 5/6 points to place fifth in the meet. Loyla Archey tied for second in the pole vault and the Emerald 880 relay team placed third. Mike Farley was fourth in the 100 and 220 dashes. Dixner ran a second in one of the 440 runs.

The sixth new meet record was established by Soo's high jumping star Jim Leonard who scaled 5 feet 8 5/8 inches.

Heavy winds made it difficult for runners in their attempts to set new marks and the performances were outstanding considering the conditions. A heavy downpour of rain developed during the running of the final relay event.

Scoring: Stephenson 52½, Newberry 31 5-6, Soo 30½, Marquette 29, Manistique 27 5-6, Ishpeming

14 1-3, Munising 13, Escanaba 10, Negaunee 2.

### Summary:

Pole vault — Manske (E), tied for second Archey (Man) and Robinson (Mar), Martelle (Mun), tied for fifth Suboski (New) and Harbick (Man), Salo (I). 10-2 Shot put — Shrohl (Steph), Penglase (Mar), Armstrong (Soo), Thoraldson (Mar), Conradson (Neg) 45-1 5/8. (New record)

High hurdles — Wyse (Soo), Smith (New), LeRoy (Steph), Robinson (Mar), Nelson (Steph). 16.0

Medley relay — Manistique, Newberry, Stephenson, Soo, Marquette. 2:42.7. (New record) 220 yard dash — Vandenberg (Mar), Visuri (Steph), Zhulike (I), Farley (Man), Poirier (I). 23.4 (New record)

Half mile — Stafford (Soo, Bray (Mun), Reickhoff (Man), Martin (Steph), Woffe (Man). 2:05.5 (New record)

880 relay — Stephenson, Ishpeming, Manistique, Escanaba, Marquette. 1:39

Broad jump — Smith (New), McLean (New), Summers (Mar), Young (Soo), Mersnick (Man). 19-½

Mersnick (Man). 10-½ High jump — Leonard (Soo), LeRoy (Steph), Martin (Steph), Smith (New), Wyse (Soo), LaBonte (Mar). 5-8 5/8. (New record)

Mile — DeLisle (Mun), Lundgren (Soo), Kuntze (Steph), Thompson (I), Lang (Soo). 4:41.6 (New record)

100 yard dash — Vandenberg (Mar), Zhulike (I), Visuri (Steph), Farley (Man), Strohl (Steph). 10.7

Low hurdles — LeRoy (Steph), Smith (New), Wyse (Soo), Dagnais (Mar), Campbell (Mun). 22.2 (New record)

440 yard dash — Dugovite (Steph), Manceny (New), Nebel (Mun). 57.1

440 yard dash second race — Kakuk (Steph), Prokos (E), Connors (Neg). 57.0

440 yard dash third race — Brown (New), Dixner (Man), King (Steph). 56

COOKS TRACKMEN — The Cooks field and track squad this year is comprised of the following: left to right in back row, Kent Long, Duane Stours, Dale McEachern, John Haindl, Kenneth Lakosky, Jerry Miller, Howard Collinson and Wayne Bernard, and, left to right in

front, Coach Art Allen, Homer Ansell, Ross Long, Ernest Miller, Bruce Jacobson, Richard Beadke, Joseph Hardy, Kenneth Kauthen, David Pelletier and Jim Wilson, manager. Gary Long and Clifford DeMarrs were absent when the picture was taken. (Linderth Photo)

## Northland And Harnies Win Softball Exhibition Games

**Exhibition Results**  
Northland 8-5, Paper Mill 4.  
Harnischfeger 7, Merchants 6.  
**Games Tonight**  
7—Dells vs. Rapid River.  
8:30—Northland vs. Paper Mill.

Northland Bead and Harnischfeger posted one-run victories in the annual booster softball games which opened the 1955 season at Memorial Field last night.

Tonight's games mark the actual opening of league play as

last night's affairs were exhibition contests.

Chill weather kept the crowd down and hampered players, but both games last night were thrillers. The winners came from behind in the final inning in both contests.

### First Home Run

Northland entered the final frame trailing by a 4-3 margin but Don Scott pounded the first home run of the year over the left field fence to provide the margin of victory over Paper Mill. Tom Dufour scored ahead of Scott on the home run blast.

Ken Dufresne notched the mound win for Northland. Leo Lancour worked the route for Paper Mill.

The Harnies grabbed their 7-6 victory over the Merchants in the nightcap when catcher Tod Butler slammed a double to score Co Poquette and Joe Ricci. The Merchants had a 6-5 lead going into the final half of the final inning.

Butler was the plate star for the Harnies with two doubles and a single. His double in the fifth also drove in two runs.

### Game Of Week

John Pierop opened on the Harnischfeger hill and stepped down for Pat Moran in the fourth. Bob Anderson belted a triple scoring Keith Moran in the

third inning for the Merchants' big blow.

The new Dells team under manager Phil Brazeau will be unveiled tonight in the opener against Rapid River.

The nightcap will be a rematch of the opening exhibition between Northland and Paper Mill. Les Kamine will be on the mound for Northland and Harry Lancour will likely pitch for Paper Mill.

Tonight's final game is billed as the game of the week.

## No Changes In ABC, Expect Strohl's Bid

FORT WAYNE, Ind. (AP)—Week-end squads failed to jostle the 10 high standings in any division of the American Bowling Congress but some observers are saying, "Wait until Thursday."

That's the day when the powerful Strohl's Beer team of Detroit, captained by Buzz Fazio, bids for a place in the open division now headed by Pfeiffer's Beer, also of Detroit, with 3,136.

Eddie Gerzine of Milwaukee has topped the singles with 738 since the third day of the tournament. Pfeiffer's went into the team lead three weeks ago Tuesday, and the Fighting Irish of Dayton, Ohio, have headed the booster division with 2,795 since the opening night March 26.

## Big Brother At Home Is Better Than Swaps

By OROLO ROBERTSON

LOUISVILLE, Ky. (AP)—Rex Ellsworth and Meshach Mickey Tenney, a couple of wiry ex-cowpunchers from the West, will return next year in quest of their second straight Kentucky Derby victory with a horse they rate better than Swaps.

And that is saying a lot for Swaps whipped the mighty Nashua and eight other 3-year-olds last Saturday in one of the fastest Derbies in the 81-year history of the turf classic. Time for the mile and one-quarter of the \$152,500 race was two minutes, one and four-fifths seconds, just two-fifths of a second off the track and Derby record set by Whirlaway in 1941.

### First Derby Win

Willie Shoemaker, astride Swaps for his first Derby triumph in four efforts, stayed around only a few hours after the 100,000 or so fans had departed from the downs. Shoemaker goes back to work Monday at Golden Gate Fields.

Most of the other Derby horses also were on their way to other tracks. Nashua, beaten a length and a half, was the first to leave. The big bay from William Woodward's Belair Stud entrained for New York to await the Preakness. Mrs. John W. Galbreath's Summer Tan, a disappointing third, was to ship out for New York today with his future uncertain. He had a slight fever in his front legs Sunday.

While preparations were being made to ship the derby horses, Ellsworth and Tenney held court near Swaps' stall.

"We ran Nashua's race," said Ellsworth. "We didn't want to but found it necessary when Shoemaker saw the early pace was too slow. We had to go to the front."

### Fastest Finish

The first six furlongs were run in 1:12 2-5 and the mile in 1:37. But the last half-mile including the final quarter of the mile was the fastest in Derby history. It was run in 49 2-5 seconds as compared to the previous fastest of 49 4-5 by Dark Star, Whirlaway and Twenty Grand.

With a quarter-mile remaining, it looked as if Nashua was ready to make one of the famous stretch drives that had given him 10 victories in 12 starts.

But it was Swaps, with Shoemaker cracking him a couple of times with his bat, that made the strongest finish. Eddie Arcaro, seeking his sixth Derby victory, also went to the bat but Nashua just wasn't equal to the occasion and was beaten by a length and a half as Swaps picked up \$108,400 to run his total earnings to \$236,500.

## Crusaders Play Host To Bark River Today

The Holy Name Crusaders return to action on the prep baseball front this afternoon in a return match with the Bark River Broncos at the City Diamond.

In the first meeting of the teams at Bark River, Holy Name snared a 5-1 victory with John Berrigan handing chucking chores. Coach Tom St. Germain will use Berrigan, Gary Paler or Don Trotter this afternoon.

Set for the mound assignment for Bark River is Tony Charbonneau who limited the Crusaders to five hits in the first game.

Remainder of the Bark River lineup will likely have Wallen Godlewski behind the plate, Walter Moniowczak at first, Delaughery at second, Chermick at third, Glovacki at short, Viau in left

field, Oradnick in center and Kasbohm in right field.

The Crusaders, who dropped a 3-2 decision to the undefeated Escanaba Eskymos in their last start, will probably be unchanged.

Jim Brown will catch with Joe Juettan at first, Jim Greenwood at second, Frank Katrinski at third, Billy Rousseau at short, Dan Rousseau in left field, Denis McGinn in center and Mike Goymerac in right.

Holy Name will be seeking its fourth victory in six starts. In addition to the previous win over the Broncos, Holy Name has a pair of victories over Powers. They also lost a one-run contest to Stephenson, 4-3.

The Crusaders will meet the Stephenson Eagles in another rematch here on May 16. They will travel to Gladstone May 17 and tie Negaunee for a doubleheader on Saturday, May 21.

## Harper Easy Winner In Colonial Tourney

FORT WORTH, Tex. (AP)—Chandler Harper shot a 2-over-par 72 Sunday to wind up with a 276 total for 72 holes and the \$5,000 first prize money in the Colonial National Invitation golf tournament.

It enabled Harper to take the tournament by the widest margin in its 9-year-history—a matter of eight strokes over Dow Finsterwald of Bedford Heights, Ohio.

Harper led the tournament in all four rounds and entered the final round with a six stroke lead over the field. Finsterwald shot a 284 total for second place money of \$3,000.

Ed Oliver of Lemont, Ill., finished third to win \$2,000. Five players finished in a tie for fourth.

FOLLOW THROUGH — Mrs. Earl Thomas of Buffalo has perfect co-ordination following

through in the annual Lawn Bowling Tournament at the Pinehurst, N. C., Country Club.

## Escanaba Golf Team Wins Third Straight

Coach Jack Magnusen's Escanaba Eskymo golf team spared its third straight victory of the season by trouncing the Glad-

stone Braves 17-1 Saturday at the Escanaba Golf Club.

The defending Upper Peninsula Class B champions were led by John LeMire who fired rounds of 43 for an 86 total to defeat Gladstone's Jim Bratonia.

Escanaba previously had defeated Menominee and Marinette by wide margins. The Eskymos will play Holy Name at Highland Golf Club today.

On Friday the Eskymos face probably their stiffest test of the regular season when they entertain the Bishop Baraga linksters of Marquette. Bishop Baraga is not only defending champion in Class C-D-E, but the Blue-Jacks have won the title for the past five seasons and boast a veteran squad this season.

The match with Bishop Baraga will begin at 1 at the Escanaba Golf Club.

Results of the match with Gladstone (Escanaba golfers first): Jerry Martin 44-44—88, beat Jim Sundelius 46-47—93, 3-0.

John LeMire 43-43—86, beat Jim Bratonia 47-49—96, 3-0.

Tom Hogan 47-45—92, beat Norm Butler 56-53—109, 3-0.

Fred Olson 45-47—92, beat Gerry Moore 48-49—97, 3-0.

Don Mathews 49-43—92, beat Tom Quinn 61-56—117, 3-0.

Dick Nelson 51-47—98, beat Gerald Tang 55-47—102, 2-1.

### Boston Outfielder Sidelined By Injury

BOSTON (AP)—Outfielder Faye Throneberry, the Boston Red Sox leading hitter, will be sidelined indefinitely with a right shoulder separation suffered against the New York Yankees Saturday.

Throneberry, who holds a .282 average and leads the Red Sox with 18 runs batted in, was injured when he attempted a diving catch of a liner.

## Final Event Decides Meet

ALBION (AP)—One of the most hotly contested Michigan high school track meets in recent years went to the final event over the weekend before champions were determined in three classes of the 15th annual Albion College Invitational Track and Field Tourney.

The final event—the half mile relay—decided the winners in Classes A, B and D. Grosse Ile won the Class C crown—the only competition which didn't go to the wire.

Kalamazoo Central, runnerup for the past five years, topped the Class A competition. Central won the final event for a 49-point total. Defending champion Lansing Sexton was second with 42 points and third place went to Battle Creek Central with 22 2-3.

Lansing Everett won Class B by a slim 48-47 margin over East Lansing. Inkster, defending champion, was third with 43 points.

Everett, Class C titlist last year, moved up a class because of increased enrollment. The Lansing team came in third in final relay, winning the title when East Lansing and Inkster tied for first in the event.

Another one-point margin gave Brethren the Class D championship. Brethren won the relay to complete a total of 60 points. Gallien and Spring Arbor tied for second with 59 points apiece.

There was another tie for second in Class C. Grosse Ile captured the crown handsly with 41 points. Roseville and Eastland ended in a 37 3-5 deadlock for runners-up.

Other single games Friday send Wisconsin to Illinois, Indiana to Iowa and Northwestern to Purdue. Saturday's doubleheader schedule includes Northwestern at Illinois, Ohio State at Iowa and Wisconsin at Purdue.

# Indians Follow Same Pattern That Produced Flag Last Year

By JOE REICHLER  
The Associated Press

Maybe, as Al Lopez stoutly maintains, Cleveland will not equal its record 111 victories of last year but the wily manager cannot deny that his Indians are adopting the same formula that brought them the American League championship in 1954.

Cleveland won the flag by holding the top clubs even and belaboring the weaker clubs. The Indians are atop the standings today because they are doing the same thing again.

Sunday's 9-6 and 2-1 sweep of a doubleheader with Kansas City gave Cleveland 11 victories against only two defeats against the four second division clubs. That's an .847 gait.

**Tied For Second**

Against the first division clubs Cleveland is only 6-5 for .545.

The Yankees and White Sox stayed within two games of the Tribe, in a second place deadlock.

The Yankees polished off Willard Nixon, who had beaten them six straight times over a two-year span, 5-0 behind Bog Grim. The White Sox won a pair from Detroit 5-4 in 11 innings and 1-0 to plunge the Tigers from first to fourth. After Baltimore had nipped Washington 4-3 with two runs in the ninth inning, the Senators bounced back to pound out a 15-7 second game triumph.

Brooklyn's relentless Dodgers defeated the fading Philadelphia Phillies 9-8 for their 21st victory in 23 starts as they racked up their second 10-game winning streak in less than a month. Their nearest pursuer is Milwaukee, 9½ games behind. The Braves took undisputed possession of second place by defeating St. Louis 6-2 as the New York Giants split, winning the second game 6-3 after Pittsburgh won the opener 7-5.

**Homers Pay Off**

The home run was the decisive factor in the Chicago - Cincinnati

split. The Cubs won the opener 5-3 on four batters by Randy Jackson and rookie Bob Speake. The Redlegs took the second game 4-3 on Hobie Landtrith's ninth inning homer.

Al Smith went on a slugging spree, walloping three home runs in the Indians' double win. The Indians' outfielder cracked two in the first game, to help Cleveland overcome a 5-8 deficit. Al Rosen's

**MUTUAL ADMIRATION** — The Cleveland Indians have a left-handed counterpart of Bob Feller, shown congratulating Herb Score. On the same afternoon, the Old Master pitched his 12th one-hit game blanking the Boston Red Sox, after which the youngster fanned 16.

## Continue Tests For Ring Loser

PHILADELPHIA (AP)—The Pennsylvania Athletic Commission scheduled further medical tests today for lightweight Harold Johnson to determine if he had been drugged before losing a two-round technical knockout to heavyweight Julio Mederos Friday night.

Two commission officials said that until results of the forthcoming tests have been studied, initial reports that Johnson was not drugged must be regarded as

inaccurate.

Johnson, although apparently not suffering a damaging blow, was unable to answer the bell for the third round of the nationally televised encounter. The No. 1 lightweight contender held a previous decision over Mederos.

Dr. Alfred Ayella Jr., a commission physician, said the further tests would be to find out if Johnson was under the influence of a drug that could not be detected in preliminary tests. He said these preliminary tests failed to reveal the presence of any common drug.

**More people get more news from newspapers than from all other sources combined.**

## Foreign Fighters To Battle Tonight

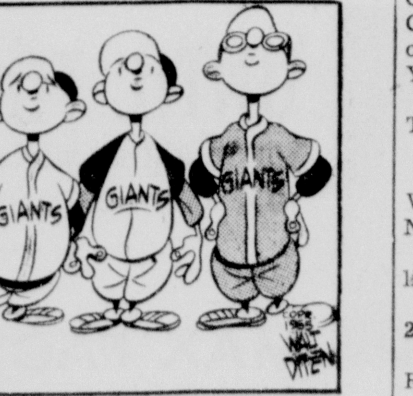

In a television bout tonight, Isaac Logart of Cuba is a 13-10 favorite to beat another foreigner, Ludwick Lightburn of British Honduras. The 10 - rounder will be fought at New York's St. Nicholas Arena (Dumont-TV 8 p.m. CST).

Another TV bout tonight will send Billy McNeece of Islip, N.Y., middleweight, against New York's Tony Johnson. McNeece is a 2-1 favorite in the 10-rounder at Brooklyn's Eastern Parkway Arena (ABC-TV, 8 p.m. CST).

## Cars Get Set For 500 Race

INDIANAPOLIS (AP)—About a million dollars' worth of specially built race cars were on the Indianapolis Motor Speedway grounds today—46 out of 37 entries for the 500-mile race May 30—with five days to get ready for opening time trials Saturday.

Weekend arrivals included two probable contenders for the track record and the pole position that goes with the best time in the first of four elimination sessions.

The big Novi Special, only front-drive car in the field, was delivered by air for Trop Rutman of Houston, the youngest driver ever to win the Indianapolis classic—1952, when he was 22.

Bill Vukovich, who has won the last two "500s," got on the track for the first time this year Saturday, but he made a relatively slow run to familiarize himself with the Lindsey Hopkins Special, which is new to him.

Jack McGrath of Inglewood, Calif., who set the 10-mile qualifying record of 141.033 miles an hour last year, has been just under 140 in practice. So has Sam Hanks of Burbank, Calif. Both have Kurtis-Krafts of the "500" series built especially for the 2½-mile brick speedway.

Veterans Paul Russo of Fort Worth, Tex., and Tony Bettenhausen of Tinley Park, Ill., turned 137-mile-an-hour laps Sunday in spite of a high wind.

## Yesterday's Stars

(By The Associated Press)

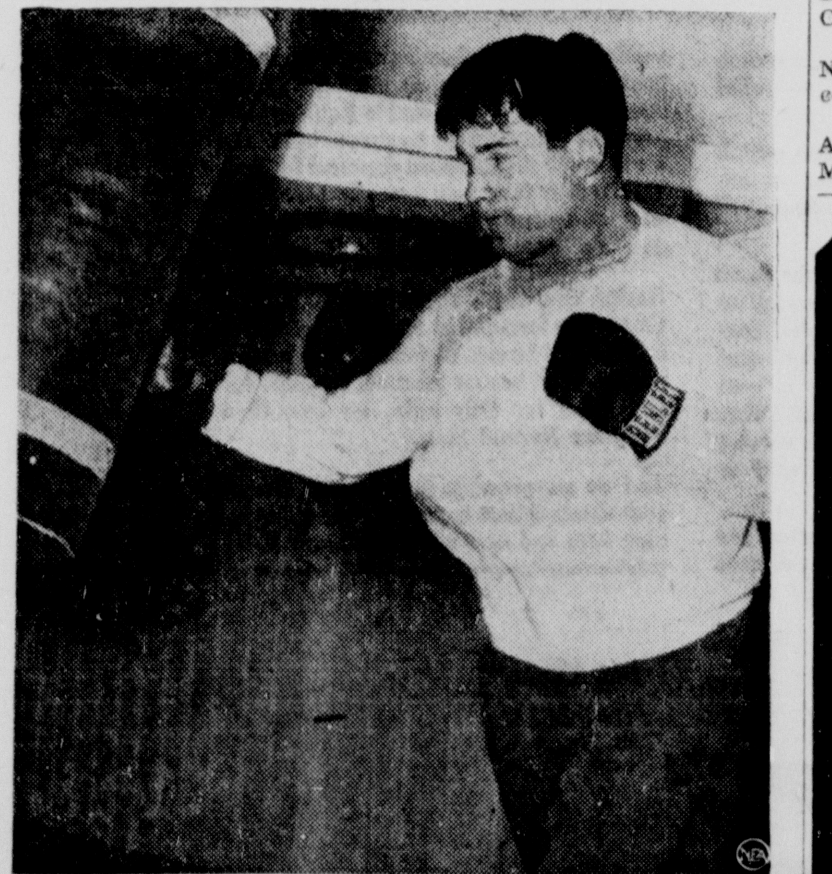

Batting—All Smith, Cleveland, hit three home runs in the Indians' doubleheader sweep of Kansas City, 9-6 and 2-1.

Pitching—Dick Donovan, Chicago, scattered nine hits to nip Detroit's Frank Lary 1-0.

## College Scores

**COLLEGE RESULTS**  
(By The Associated Press)

Michigan State 9-2, Iowa 6-1.  
Minnesota 4-5, Michigan 3-6.  
Alma 6, Kinnross AFB, 3.  
Detroit 16, Bradley 6.

**DETERMINED** — Don Cockell makes like he's vicious digging a hard right into the heavy bag at San Rafael, Calif., where the British challenger is training for his match with Rocky Marciano in San Francisco, May 16.

# One-Legged Jumper Gets Job Done

(AP Newsfeatures)

AKRON, Ohio—Ted Stetzik, high jump star of the Coventry High school track team, is an inspiration to his teammates.

Not only does he win first place points consistently, but he performs his jumping feats with only one leg!

Coach Ed Kormanik was tipped off about the youngster by members of the track squad.

Here's what Kormanik saw: The high jump bar was set at five feet. Young Stetzik peeled off his sweater and bounced around on his left leg to warm up. Then he took three hops and with a terrific lunge dove

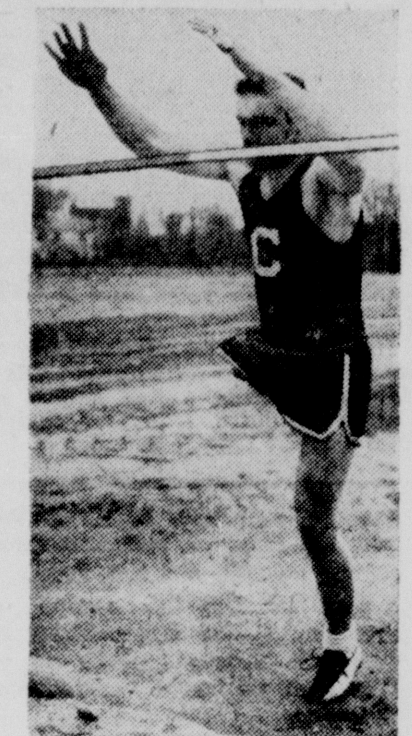

over the bar. He landed head down in the sawdust pit, using both hands to cushion his drop.

The coach looked on in disbelief. He was even more amazed when the handicapped boy jumped over the bar at 5 feet 1, 5-2, 5-3 and finally at 5-4.

From that day on, Stetzik was a full fledged member of the team and won first place in two of the next three meets.

Stetzik's right leg was amputated after a train accident when he was four years old.

Below is a picture sequence showing Ted's jumping technique.

## Tigers Drop Doubleheader To Slip In AL Standings

DETROIT (AP)—But for the timely hitting of little Nellie Fox, Chicago White Sox second baseman, and gangly Ron Jackson, 6-foot-7 sky-scraper from Michigan, the Detroit Tigers likely would be pushing Cleveland for first place in the American League.

As it is, the Tigers fell to fourth position, three games behind the league-leading Indians, after dropping both ends of a doubleheader to the White Sox at Comiskey Park Sunday.

Chicago, whose double victory boosted them to a second place tie with the New York Yankees, barely squeaked by the Tigers in both games, taking the opener 5-4 in 11 innings and winning the nightcap, 1-0.

**Fox Big Culprit**

Fox was responsible for the winning run in both games. He singled home the game-ending tally in the opener and scored the single run in the eighth frame of the afterpiece that produced a nine-hit shutout for Frank Donovan and his third victory against one defeat. Frank Lary was the loser.

Jackson, bonus baby picked up by the White Sox last summer from the campus of Western Michigan College, turned his first appearance at the plate this year into a rousing success.

Appearing in a pinch hitting role in the ninth inning of the first game, he parked a two-run homer into the lower left field stands that tied the score at 4-all and sent the

prohess of Al Kaline and Harvey Kuenn. Kaline collected two for six to leave him in firm possession of third place in American League batting standings with a sparkling .407 average.

Kuenn, with four singles in eight appearances, boosted his average to .390 and took over fourth place in the standings.

## Sowell Rated Great Runner

PITTSBURGH (AP)—Young Arnie Sowell, a frail-looking lad with terrific stamina and quicksilver in his heels, is fast developing into one of the top middle distance runners in track history.

Just turned 20, the Pitt flash has yet to reach his peak. But already he's chalked up some spectacular times.

The latest was an amazing although unofficial clocking of :45.4 for his quarter-mile anchor leg of the mile relay in a meet here Saturday in which Pitt, Army and Ohio State competed.

Ohio State's Meade Burnett had a 10 to 15-yard start on Sowell. But the lithe Pitt negro caught him on the final turn and won by five yards.

It was one of the fastest quarter miles ever run. However, it meant nothing as far as records are concerned because relay runners have a flying start and no official times are kept.

The world mark for the 440 is 46 seconds flat, set by Herb McKenley in 1948.

"My lucky day, I guess," was the way Sowell summed it up. As reticent off the track as he is speedy on it, Sowell had little more to say. He lets his record speak for him.

## Spahn Spins Win Over Cardinals

ST. LOUIS (AP)—Milwaukee left-hander Warren Spahn, an old St. Louis Cardinal Nemesis, blanked the Red Birds through the last six innings as the Braves sent the Cardinals reeling to their seventh straight defeat, 6-2, Sunday.

The victory put the Braves in second place.

Ed Mathews, Braves slugger, awakened from a slump with a two-run home run in the seventh inning off loser Harvey Haddix.

Spahn, who owns more lifetime victories than any National League pitcher—this was his 169th—has whipped the Cardinals more often than any other club. His career record against St. Louis now is 37 won, 32 lost.

# Saturday Opening For Deer Hunting Voted In Lansing

LANSING (AP)—Michigan's deer season will open on Saturday if the Senate goes along with a bill passed by the House Thursday.

A bill to open the season on the Saturday closest to Nov. 15 slipped through the House by a 58-46 vote.

Reps. Gilbert Wales (D-Stam-baugh) and Dominic Jacobetti (D-Negaunee) contend Upper Peninsula sportsmen have long fought for a Saturday opening.

Rep. Arnell Engstrom (R-Traverse City) pushed through an amendment setting a Saturday opening for the entire state. The season would close 15 days after the opening.

Opponents, led by Rep. Kenneth

O. Trucks (R-Baldwin), argued the Saturday opening would compound the traffic problem and create congestion in the woods than now exists during the season.

Under the House plan, the season would start on the Saturday preceding Nov. 15 if that date falls on one of the first three days of the week.

If Nov. 15 falls in the last part of the week, the season would open on the following Saturday.

## CONTRACT BRIDGE

By Josephine Culbertson

**THE CLASSIC FALSE-CARD PLAY**

THE TRUE test of a false-card play is: (a) it may mislead the opposition without fatally misleading one's own partner; (b) it should be a persuasive sort of play, i.e., the opponent, seeing it, must be able to reason: "So-and-so would not have played a card of that rank if he could help it—he certainly wouldn't make me a present of a trick. So I guess he couldn't help it."

Certain sensational examples of false-card plays have become bridge classics, and in this commentator's opinion, probably the finest of all these was made by a player sitting East in the deal below, played at match-point duplicate.

## Hot Water Supply Is Important For Health Protection

"The dirt rate determines the death rate." This slogan from the book "General Hygiene and Preventive Medicine" is quoted by the Plumbing and Heating Industries Bureau to emphasize the importance of cleanliness.

Because hot water is the first line of defense against dirt, the Bureau calls attention to the need in every home for a dependable supply of hot water.

For the day-to-day housekeeping tasks and the seasonal complete housecleaning, nothing can contribute more to home sanitation than a supply of hot water, instantly available at the turn of a faucet.

Health authorities recognize the fact that hot water is the finest weapon to protect health in the washing of hands, bodies, clothes, eating utensils, and sick rooms.

Research into the causes of common illness has pointed to the lack of cleanliness as one of the chief causes of sickness and infection.

When sickness strikes, hot water is usually one of the major sick room essentials. The therapeutic value of hot water has been recognized since ancient times. In many illnesses, local application of heat is desired to ease pain or to relax strained muscles.

With so many important uses for hot water in the home, the availability of an adequate supply at all times, day and night, is most important. A modern automatic gas-fired water heater is an economical and efficient method of meeting all hot water requirements.

## Mother Of 1955 Given Citation

NEW YORK (AP)—Mrs. Lavina Christensen Fugal, 75, was a happy and humble woman Friday when she was crowned American mother of 1955.

Mrs. Fugal, of Pleasant Grove, Utah, had her eight grown children with her as she received a citation and pin at a luncheon in her honor.

"This is the most humbling experience of my life," she said. "I've lived nearly 76 years and had a lot of humbling experiences."

Mrs. Fugal's husband died 10 years ago. She put all her children through college and has been active in Utah civic and church affairs.

Mrs. Fugal's citation read in part:

"She built through love a home and a life that are models in their every spiritual and material appointment. . . . She reared her children in reverence for God and in an atmosphere of love, sympathy and understanding."

Mrs. Fugal, a member of a pioneer Utah family, grew up, lived, and worked in the fruit fields while she raised her large family.

## Lubricant Will Help In Removing Windows, Doors

The time of the annual changeover from winter to spring living has turned the corner and many a harried homeowner is shying away from the unpleasant tasks that lie ahead.

But the old bugaboo of removing bulky combination screen and storm doors and windows can be overcome by the application of a "sliding compound."

This jelly-like lubricant, available for household use in a handy fold-up metal tube now in hardware stores, not only facilitates the removal of cold weather equipment but greatly eases the installation of window screens and doors.

The lubricant leaves an exceptionally long-lasting slippery film on both wood and metal. In addition, it checks swelling of wood and corrosion of metal. It does not gum up or stick and is harmless to finished surfaces and to the skin.

## UNTIL TODAY

you might as well have been putting your skin treatment creams on glass!

# MAX FACTOR'S SECRET KEY

opens the way to new beauty for women with dry skin . . . oily skin . . . disturbed skin

**WHY?** Your skin is dry. You use rich creams faithfully, yet there's no relief from flakiness. *Why?*

**WHY?** Your skin is oily. You switch from one treatment preparation to another, yet blackheads and blemishes still persist. *Why?*

**BECAUSE!** The answer is the same in either case, as Max Factor scientists have now proved. There's a chemical barrier in the skin which keeps creams and lotions "on the outside looking in"—as though they were smoothed on glass! This barrier develops when skin lacks correct pH\* balance and is either too acid or too alkaline.

**WHAT?** But now Max Factor has perfected the way to bring about normal acidity-alkaline balance characteristic of young skin . . . puts in your hands the SECRET KEY—a remarkable liquid which prepares your skin for treatment by breaking through the stubborn chemical barrier. The SECRET KEY now actually opens the way for treatment creams and lotions to do their beautifying work!

Having discovered the SECRET KEY, Max Factor has formulated exclusive corrective creams and lotions to follow right behind . . . complete beauty treatment groups for Dry Skin, for Oily Skin, for Disturbed Skin, for Normal Skin.

And we are proud to invite you to realize your skin's fullest beauty potential, beginning here and now with the SECRET KEY!
